AUTHORIZING THE SECRETARY OF THE INTERIOR TO TAKE POSSESSION OF AND OPERATE THE MINES, COLLIERIES, AND PREPARATION FACILITIES OF THE FORD COLLIERIES COMPANY OF CURTISVILLE, PENNSYLVANIA, AND ROCHESTER AND PITTSBURGH COAL COMPANY OF INDIANA, PENNSYLVANIA¹

WHEREAS after investigation I find and proclaim that there are interruptions of the operations of the mines, collieries, and facilities of the Ford Collieries Company of Curtisville, Pennsylvania, and Rochester and Pittsburgh Coal Company of Indiana, Pennsylvania, as a result of existing and threatened strikes and other labor disturbances; that the effective prosecution of the war will be unduly impeded or delayed by such interruptions; and that the exercise, as herein specified, of the powers vested in me is necessary to insure, in the interests of the war effort, the operation of these mines, collieries, and facilities:

NOW, THEREFORE, by virtue of the power and authority vested in me by the Constitution and laws of the United States, including section 9 of the Selective Training and Service Act of 1940 (54 Stat. 892) as amended by the War Labor Disputes Act (57 Stat. 163), as President of the United States and Commander in Chief of the Army and Navy of the United States, it is hereby ordered as follows:

1. The Secretary of the Interior is authorized and directed to take possession of the mines, collieries, and preparation facilities of the Ford Collieries Company of Curtisville, Pennsylvania, and Rochester and Pittsburgh Coal Company of Indiana, Pennsylvania, and of any real or personal property, and other assets, used in connection with the operation thereof; to operate or arrange for the operation of such mines, collieries, and

facilities in such manner as he deems necessary for the successful prosecution of the war; and to do all things necessary for, or incidental to, the production, sale, and distribution of the coal produced, prepared, or handled by the said mines, collieries, and facilities.

2. The Secretary of the Interior shall operate the said mines, collieries, and facilities in accordance with the terms and conditions of employment which are in effect at the time possession thereof is taken, subject to the provisions of section 5 of the War Labor Disputes Act. He shall provide such protection of the employees as may be necessary to maintain production, and shall take such appropriate disciplinary action, not inconsistent with law, as may be necessary to effectuate the purposes of this order.

3. In carrying out this order, the Secretary of the Interior shall act through or with the aid of such public or private instrumentalities or persons as he may designate. All Federal agencies, including but not limited to the War Manpower Commission, the National Selective Service System, the War Department, and the Department of Justice, are directed to cooperate with the Secretary of the Interior to the fullest extent possible in carrying out the purposes of this order.

4. The Secretary of the Interior shall permit the managements of the mines, collieries, and facilities taken under the provisions of this order to continue with their managerial functions to the maximum degree possible, consistent with the aims of this order.

5. Possession of the mines, collieries, and facilities taken under this order shall be terminated by the Secretary of the Interior within sixty days after he determines that the productive efficiency of the mines, collieries, and facilities has been restored to that prevailing prior to the interruption of production referred to in the recitals of this order.

SET ASIDE REQUIREMENTS FOR PROCESSORS OF OILSEED FOR OCTOBER, 1944

Pursuant to the authority vested in me by War Food Order No. 9 (8 F.R. 16960, 9 F.R. 3475, 4319, 8767), issued on December 18, 1943, and to effectuate the purposes of such order pertaining to set aside requirements for oilseed meal produced by processors, and to secure an equitable distribution of such oilseed meal, it is hereby ordered, that:

§ 1220.17 Set aside requirements for processors of oilseed for October 1944—

(a) Amount to be set aside. Each processor shall set aside at each processing plant operated by him 20 percent of his production of cottonseed, soybean, linseed and peanut oil meal, cake or pellets (hereinafter called "oilseed meal"), during October 1944. The amount of production upon which the quantity of oilseed meal set aside is based shall not include any oilseed meal produced for the Commodity Credit Corporation under the provisions of contracts designated "CCC Soybean Form 106, 1943 Crop," and this order shall not apply to oilseed meal produced under such contracts.

(b) Sale and delivery of oilseed meal set aside. (1) Oilseed meal set aside pursuant to this order shall not be sold or delivered by any processor except to a buyer named in a certificate of designated buyer issued by the Agricultural Conservation Committee for the State or county in which the buyer's farm or establishment is located or by the Chief of the Feed Management Branch, Office of Production, War Food Administration. (2) Agricultural Conservation Committees may commence issuing certificates of designated buyers pursuant to this order during September 1944, and processors may commence delivery of oilseed meal pursuant to such certificates during September 1944. A processor shall be entitled to credit such deliveries made in September 1944 against the quantity of oilseed meal which he is required to set aside in October 1944, if he makes the report provided for in paragraph (d) (1) hereof.

(3) Shipment of any oilseed meal, set aside pursuant to this order must be made by a processor within twelve days of the receipt of any such certificate.

(4) The original and the processor's copy of appropriately executed certificates shall be sent by the person responsible for their issuance directly to the processor and a copy shall be sent to the designated buyer. The designated buyer and the processor shall arrange the details of transfer of materials designated on the certificate, using such intermediary parties as the processor may designate. The processor who delivers such oilseed meal pursuant to a certificate shall file such certificate as required under the provisions of paragraph (d) (2).

(5) No processor shall be required to honor a Certificate of Designated Buyer for oilseed meal set aside pursuant to this order unless the designated buyer furnishes the processor or his agent with (i) shipping instructions, and, in the case of a designated buyer other than a feeder, (ii) the statement required by paragraph (h) of War Food Order No. 9 before midnight of the expiration date shown on the certificate. If a processor elects not to honor a certificate of designated buyer pursuant to this paragraph, he shall return such certificate to the issuing officer and he may dispose of the

oilseed meal covered by such certificate free from the restrictions of this order. The expiration date for any certificate of designated buyer issued under this order shall be not later than October 16, 1944, unless a later date (but in no event later than October 20, 1944) is authorized by the Chief of the Feed Management Branch, Office of Production, War Food Administration. No processor, however, shall be required to honor any certificate bearing an expiration date later than October 16, 1944, unless required to do so by notice from the Chief of the Feed Management Branch received before midnight of that date. In such case, the processor will be required to honor certificates of designated buyers bearing expiration dates later than October 16, 1944, but not later than October 20, 1944. Any oilseed meal set aside pursuant to this order for which the processor has received no certificate before midnight of October 16, 1944 (or later, but not later than October 20, 1944, if the notice provided for herein is received from the Chief of the Feed Management Branch), may be disposed of by the processor free from the restrictions of this order: *Provided, however*, That the provisions of this paragraph shall not apply to oilseed meal required to be set aside by this order which has not heretofore been reported to the Director.

(c) Existing contracts. If this order makes it impossible for a processor to fill all of his contracts for the delivery of oilseed meal, which are in existence on the date of the issuance of this order, he shall not, by reason of this order, refuse to make delivery of more than 20 percent of the oilseed meal covered by any such contract.

(d) Processor's reports—(1) Report of tonnage for September delivery for credit against October set aside. If a processor wishes to make deliveries of oilseed meal pursuant to this order in September 1944 for credit against his set aside in October 1944, he must report to the Director in writing (or by telegraph) not later than September 25, 1944, the estimated tonnage of each kind of oilseed meal which will be available at each of his processing plants for delivery in September 1944 for such credit. Each processor may also submit such additional information as he deems pertinent to the allocation or distribution of oilseed meal to be set aside under this order.

(2) Report of tonnage set aside and deliveries made. Each processor subject to this order shall file a report with the Director on FPA Form 2 not later than November 10, 1944, for each plant operated by him. Certificates of designated buyers, pursuant to which oilseed meal has been delivered, shall be attached to and made a part of FPA Form 2.

(e) Certificates issued by County Agricultural Conservation Committees. No County Agricultural Conservation Committee shall issue certificates of designated buyers unless authorized to do so

by its State Agricultural Conservation Committee.

(f) *Release of oilseed meal set aside under prior orders.* Any processor who has on hand oilseed meal, which has been reported pursuant to any set aside order prior to War Food Order No. 9-12 (9 F.R. 9582) as set aside for sale and delivery to designated buyers and for which the processor has received no shipping instructions from the designated buyers prior to the issuance of this order, may sell and deliver such oilseed meal free from the restrictions of the order under which it was set aside.

(g) *Communications.* All reports required to be filed hereunder and all communications concerning this order, unless instructions to the contrary are issued, shall be addressed to the Director of Production, War Food Administration, Washington 25, D. C., Ref: WFO 9-14.

Note: The record keeping and reporting requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(3) The term "sub-handler" means any handler, such as a peddler, vendor, sub-dealer, or secondary dealer, who (i) receives in a previously packaged and processed form milk, cream, or milk byproducts for delivery, and (ii) does not operate facilities for the processing and bottling of milk.

(4) The term "industrial user" means a person, as determined by the market agent, in his capacity as a manufacturer of products using as an ingredient therein milk, cream, or milk byproducts, which products are disposed of primarily for resale to consumers off the premises where made.

(5) The term "base" means the total pounds delivered by a handler within the sales area during the base period (i) of milk solids in milk, (ii) of butterfat in cream, or (iii) of milk solids in milk byproducts, minus the quota exempt deliveries described in (j) hereof, and then divided by the number of days in the base period. (For the purpose of this order, the milk solids content of milk or milk byproducts shall be computed as follows: Each hundredweight of milk, or milk byproducts other than cottage, pot, or baker's cheese, shall be considered the equivalent of 9.375 pounds of milk solids plus the number of pounds of solids calculated by multiplying the pounds of butterfat content of such milk or milk byproducts by .906, and each hundredweight of cottage, pot, or baker's cheese shall be considered the equivalent of 65.63 pounds of milk solids minus .953 pounds of milk solids for each one-half percent of butterfat content of such cheese.)

(b) *Milk sales area.* The following area is designated as a "milk sales area" to be known as the Memphis, Tennessee, metropolitan milk sales area, and is referred to hereinafter as the "sales area":

The city of Memphis and all of Shelby County, Tennessee, and the city of West Memphis in Crittenden County, Arkansas.

(4) Multiply each of the foregoing results by the number of days in the quota period.

(f) *Quotas for handlers who are also producers.* Quotas for each handler who is also a producer and who purchases no milk shall be computed in accordance with (e) hereof, except:

(1) His base period shall be either June or December, 1943, whichever represents his larger total deliveries; and

(g) *Quota adjustments.* Each handler may, within any quota period, (1) increase his quota of milk solids in milk by one pound for each one pound of milk solids by which he decreases his quota for milk byproducts; *Provided*, That his quota of milk solids in milk shall not be so increased by more than 3 percent, and

(h) *Handler exemptions.* Quotas shall not apply to any handler who delivers in a quota period a daily average of less than 250 units of milk, cream, and milk byproducts, unless more than 125 units of such daily average shall consist of cream. For the purpose of this order, a unit shall be the equivalent in volume of the following: (1) One quart of milk, buttermilk, or fluid milk byproducts; (2) one-half pint of cream; and (3) one-half pound of cottage, pot, or baker's cheese.

quest of the market agent, submit the information required by the market agent to establish volumes of deliveries of milk, cream, and milk byproducts.

(n) *Records.* Handlers shall keep and shall make available to the market agent such records of receipts, sales, deliveries, and production as the market agent shall require for the purpose of obtaining information which the Director may require for the establishment of quotas.

(For the purpose of this order, the milk solids content of milk or milk byproducts shall be computed as follows: Each hundredweight of milk, or milk byproducts other than cottage, pot, or baker's cheese, shall be considered the equivalent of 9.375 pounds of milk solids plus the number of pounds of solids calculated by multiplying the pounds of butterfat content of such milk or milk byproducts by .906, and each hundredweight of cottage, pot, or baker's cheese shall be considered the equivalent of 65.63 pounds of milk solids minus .953 pounds of milk solids for each one-half percent of butterfat content of such cheese.)

§ 1401.162 *Quota restrictions*—(a) *Definitions.* (1) Each term defined in War Food Order No. 79, as amended, shall, when used herein, have the same meaning as is set forth for such term in War Food Order No. 79, as amended.

(2) The term "WFO 79" means War Food Order No. 79, dated September 7, 1943, as amended.

(3) The term "sub-handler" means any handler, such as a peddler, vendor, sub-dealer, or secondary dealer, who (i) receives in a previously packaged and processed form milk, cream, or milk byproducts for delivery, and (ii) does not operate facilities for the processing and bottling of milk.

(4) The term "industrial user" means a person, as determined by the market agent, in his capacity as a manufacturer of products using as an ingredient therein milk, cream, or milk byproducts, which products are disposed of primarily for resale to consumers off the premises where made.

(5) The term "base" means the total pounds delivered by a handler within the sales area during the base period (i) of milk solids in milk, (ii) of butterfat in cream, or (iii) of milk solids in milk byproducts, minus the quota exempt deliveries described in (j) hereof, and then divided by the number of days in the base period. (For the purpose of this order, the milk solids content of milk or milk byproducts shall be computed as follows: Each hundredweight of milk, or milk byproducts other than cottage, pot, or baker's cheese, shall be considered the equivalent of 9.375 pounds of milk solids plus the number of pounds of solids calculated by multiplying the pounds of butterfat content of such milk or milk byproducts by .906, and each hundredweight of cottage, pot, or baker's cheese shall be considered the equivalent of 65.63 pounds of milk solids minus .953 pound of milk solids for each one-half percent of butterfat content of such cheese.)

(b) *Milk sales area.* The following area is designated as a "milk sales area" to be known as the Galveston, Texas, milk sales area, and is referred to hereinafter as the "sales area":

The city of Galveston and justices' precincts 1, 2, and 5, all in Galveston County, Texas.

(c) *Base period.* The calendar month of June 1943 is designated the base period.

(d) *Quota period.* Each calendar month is designated as a quota period.

(2) For cream, multiply his base of butterfat in cream by 75 percent;

(3) For milk byproducts, multiply his base of milk solids in milk byproducts by 100 percent; and

(4) Multiply each of the foregoing results by the number of days in the quota period.

(f) *Quotas for handlers who are also producers.* Quotas for each handler who is also a producer and who purchases no milk shall be computed in accordance with (e) hereof, except:

(1) His base period shall be either June or December, 1943, whichever represents his larger total deliveries; and

(2) The applicable percentages shall be 100 percent in lieu of those specified in (e).

(g) *Quota adjustments.* Each handler may, within any quota period, (1) increase his quota of milk solids in milk by one pound for each one pound of milk solids by which he decreases his quota for milk byproducts, *Provided*, That his quota of milk solids in milk shall not be so increased by more than 3 percent, and (2) increase his quota of milk solids in milk byproducts by one pound for each one pound of milk solids by which he decreases his quota for milk.

(h) *Handler exemptions.* Quotas shall not apply to any handler who delivers in a quota period a daily average of less than 200 units of milk, cream, and milk byproducts, unless more than 100 units of such daily average shall consist of cream. For the purpose of this order, a unit shall be the equivalent in volume of the following: (1) One quart of milk, buttermilk, or fluid milk byproducts; (2) one-half pint of cream; and (3) one-half pound of cottage, pot, or baker's cheese.

(j) *Quota exclusions and exemptions.* Deliveries of milk, cream, or milk byproducts, (1) to other handlers, except for such deliveries to sub-handlers, (2) to plants engaged in the handling or processing of milk, milk byproducts,

cream, or other dairy products, from which no milk, milk byproducts, or cream is delivered in the sales area, (3) to industrial users, and (4) to the agencies or groups specified in (d) of WFO 79, shall be excluded from the computation of deliveries in the base period and exempt from charges to quotas.

(k) *Consumer priorities.* In the distribution of milk subject to quotas established hereunder, a handler shall give preference in the order listed, taking into consideration the type of purchasers served by him in the base period, to:

(3) Establishments serving milk for consumption on the premises.

Pursuant to War Food Order No. 79 (8 F.R. 12426, 9 F.R. 4321, 4319), dated September 7, 1943, as amended, and to effectuate the purposes thereof, War Food Order No. 79-132 (9 F.R. 872, 4321, 4319), as amended, relative to the conservation and distribution of fluid milk, milk byproducts, and cream in the Asheville, North Carolina, milk sales area, is hereby further amended, so as to read as follows:

§ 1401.167 *Quota restrictions*—(a) *Definitions.* (1) Each term defined in War Food Order No. 79, as amended, shall, when used herein, have the same meaning as is set forth for such term in War Food Order No. 79, as amended.

(2) The term "WFO 79" means War Food Order No. 79, dated September 7, 1943, as amended.

(3) The term "sub-handler" means any handler, such as a peddler, vendor, sub-dealer, or secondary dealer, who (i) receives in a previously packaged and processed form milk, cream, or milk byproducts for delivery, and (ii) does not operate facilities for the processing and bottling of milk.

(4) The term "industrial user" means a person, as determined by the market agent, in his capacity as a manufacturer of products using as an ingredient therein milk, cream, or milk byproducts, which products are disposed of primarily for resale to consumers off the premises where made.

(5) The term "base" means the total pounds delivered by a handler within the sales area during the base period (i) of milk solids in milk, (ii) of butterfat in cream, or (iii) of milk solids in milk byproducts, minus the quota exempt deliveries described in (j) hereof, and then divided by the number of days in the base period. (For the purpose of this order, the milk solids content of milk or milk byproducts shall be computed as follows: Each hundredweight of milk, or milk byproducts other than cottage, pot, or baker's cheese, shall be considered the

equivalent of 9.375 pounds of milk solids plus the number of pounds of solids calculated by multiplying the pounds of butterfat content of such milk or milk byproducts by .906, and each hundredweight of cottage, pot, or baker's cheese shall be considered the equivalent of 65.63 pounds of milk solids minus .953 pounds of milk solids for each one-half percent of butterfat content of such cheese.)

(b) *Milk sales area.* The following area is designated as a "milk sales area" to be known as the Asheville, North Carolina, milk sales area, and is referred to hereinafter as the "sales area":

The city of Asheville and the townships of Asheville, Lower Hominny, Swannanoa, and that part of the township of Limestone comprising part of the town of Biltmore Forest, all in Buncombe County, North Carolina.

(c) *Base period.* The calendar month of June 1943 is designated the base period.

(d) *Quota period.* Each calendar month is designated as a quota period.

(e) *Handler quotas.* Quotas for each handler other than a sub-handler or producer-handler shall be determined for each quota period as follows:

(1) For milk, multiply his base of milk solids in milk by 100 percent;

(2) For cream, multiply his base of butterfat in cream by 75 percent;

(3) For milk byproducts, multiply his base of milk solids in milk byproducts by 100 percent; and

(4) Multiply each of the foregoing results by the number of days in the quota period.

(f) *Quotas for handlers who are also producers.* Quotas for each handler who is also a producer and who purchases no milk shall be computed in accordance with (e) hereof, except:

(1) His base period shall be either June or December, 1943, whichever represents his larger total deliveries; and

(2) The applicable percentages shall be 100 percent in lieu of those specified in (e).

(g) *Quota adjustments.* Each handler may, within any quota period, (1) increase his quota of milk solids in milk by one pound for each one pound of milk solids by which he decreases his quota for milk byproducts: *Provided*, That his quota of milk solids in milk shall not be so increased by more than 3 percent, and (2) increase his quota of milk solids in milk byproducts by one pound for each one pound of milk solids by which he decreases his quota for milk.

(h) *Handler exemptions.* Quotas shall not apply to any handler who delivers in a quota period a daily average of less than 200 units of milk, cream, and milk byproducts, unless more than 100 units of such daily average shall consist of cream. For the purpose of this order, a unit shall be the equivalent in volume of the following: (1) One quart of milk, buttermilk, or fluid milk byproducts; (2) one-half pint of cream; and (3) one-half pound of cottage, pot, or baker's cheese.

(j) *Quota exclusions and exemptions.* Deliveries of milk, cream, or milk byproducts, (1) to other handlers, except for such deliveries to sub-handlers, (2) to plants engaged in the handling or processing of milk, milk byproducts, cream, or other dairy products, from which no milk, milk byproducts, or cream is delivered in the sales area, (3) to industrial users, and (4) to the agencies or groups specified in (d) of WFO 79, shall be excluded from the computation of deliveries in the base period and exempt from charges to quotas.

(k) *Consumer priorities.* In the distribution of milk subject to quotas established hereunder, a handler shall give preference in the order listed, taking into consideration the type of purchasers served by him in the base period, to:

The petition shall contain the correct name, address, and principal place of business of the petitioner, a full statement of the facts upon which the petition is based, the hardship involved, and the nature of the relief desired.

(2) Upon receiving such petition the market agent shall immediately investigate the representations and facts stated therein.

(3) After investigation, the petition shall be certified to the Director, but prior to certification the market agent may (i) deny the petition or (ii) grant temporary relief for a total period not to exceed 60 days.

(4) Denials or grants of relief by the market agent shall be reviewed by the Director and may be affirmed, modified, or reversed by the Director.

(m) *Reports.* Each handler shall transmit to the market agent on forms prescribed by the market agent the following reports:

(1) Within 20 days following the effective date of this order, reports which show the information required by the market agent to establish such handler's quotas:

(2) Within 10 days following the close of each quota period, the information required by the market agent to establish the volume of deliveries of milk, cream, and milk byproducts, under the provisions of this order, during the preceding quota period; and

(3) Handlers exempt from quotas pursuant to (h) hereof shall, upon the request of the market agent, submit the information required by the market agent to establish volumes of deliveries of milk, cream, and milk byproducts.

(n) *Records.* Handlers shall keep and shall make available to the market agent such records of receipts, sales, deliveries, and production as the market agent shall require for the purpose of obtaining information which the Director may require for the establishment of quotas.

(o) *Violations.* The market agent shall report all violations to the Director together with the information required for the prosecution of such violations.

(p) *Effective date.* This order shall take effect at 12:01 a. m., e. w. t., September 1, 1944. MISCELLANEOUS AMENDMENTS

Pursuant to the authority conferred upon the Secretary of Agriculture by the Act of Congress approved August 30, 1890, as amended (26 Stat. 416, 44 Stat. 775, 46 Stat. 1460; 21 U.S.C. 101-105), Part 93, Chapter I, Title 9, Code of Federal Regulations [B. A. I. Order 368], as amended, is hereby further amended as follows:

Section 93.13 [regulation 13] is amended to read as follows:

§ 93.13 *Diagnostic tests for dairy and breeding cattle.* No dairy or breeding cattle shall be exported to Mexico unless they are shown by proper certificates to have passed a negative test for tuberculosis and, if they are more than 6 months old, a negative blood test for brucellosis (Bang's disease) within 30 days of the date of shipment from origin. However, the test for tuberculosis may be waived in respect to cattle from a tuberculosis-free accredited herd and the test for brucellosis may be waived in respect to animals that have been officially vaccinated as calves within the previous 12 months.

The said tuberculin test may be applied by an inspector, a duly authorized veterinarian of the Mexican government in the United States, or a veterinarian accredited by the Bureau. Certificates issued by such accredited veterinarians shall be endorsed by an inspector. Blood tests for brucellosis shall be made in laboratories recognized by the Bureau and State authorities for that purpose, and the certificate shall be issued or endorsed by the inspector in charge of disease-eradication work in the State of origin. Test charts and certificates shall include descriptions of the cattle with ages and markings.

Such owners or masters shall not accept for transportation any animal that in the judgment of the inspector is in an unfit condition to withstand the rigors of such transportation.

This amendment, which for purpose of identification is designated Amendment 2 to B. A. I. Order 368, shall be effective on and after September 20, 1944.

Done at Washington this 1st day of September 1944. Witness my hand and seal of the Department of Agriculture.

Section 8 of the Act of June 19, 1886, as amended, and section 27 of the Merchant Marine Act, 1920, as amended, waived to permit certain foreign vessels allocated to the War Shipping Administration by the Government of any of the United Nations to transport passengers or merchandise, or both, in the coastwise trade.

Upon the written recommendation of the Administrator of the War Shipping Administration and pursuant to the authority vested in me by the provisions of section 501 of the Second War Powers Act, 1942 (50 U.S.C. App. 635), I hereby waive compliance with the provisions of section 8 of the Act of June 19, 1886, as amended, and section 27 of the Merchant Marine Act, 1920, as amended (46 U.S.C. 289, 883), to the extent necessary to permit the transportation of passengers or cargo, or both, in the coastwise trade by any foreign vessel while it is allocated to the War Shipping Administration by the Government of any of the United Nations and has on board a "Certificate of Ownership and Operation" issued by the War Shipping Administration certifying that it is so allocated. I deem that such action is necessary in the conduct of the war.

SHIPPERS OF BY-PRODUCT AND OTHER SPECIAL PURPOSE COAL MOVING VIA THE GREAT LAKES

Under § 602.502¹ of SFAW Regulation No. 23, shippers of by-product coal and other special purpose coal who ship such coal by lake are to spread their shipments throughout the current season of navigation and to conclude them on or before November 1, 1944. Both shippers and consumers of such coal have inquired whether it is permissible to continue such shipments beyond November 1 because of present lack of shipping facilities, inadequate storage space on consumers' docks, or for other reasons.

The general payment and redemption provisions of the regulations governing United States Savings Bonds as set forth in Subpart H of Department Circular No. 530, Fifth Revision, dated June 1, 1942 (7 F.R. 5158), as amended, are supplemented as follows, effective October 2, 1944:

Payment at banks and trust companies. Notwithstanding the foregoing provisions of this subpart, the provisions of Treasury Department Circulars Nos. 529, 554, 571, 596, and 653, all as supplemented, amended, or revised, and any instructions on the bonds, an individual (natural person) whose name is inscribed on the face of a bond of Series A, B, C, D, or E, either as owner or co-owner in his own right, may present such bond (unless marked "duplicate") to any incorporated bank or trust company which has qualified as a paying agent under the provisions of Department Circular No. 750, dated September 5, 1944, and upon identification to the satisfaction of such paying agent and upon signing the request for payment, may receive immediate payment for the bond at the current redemption value if presented prior to maturity, or at full maturity value if presented at or after maturity. No charge will be made to the owner.

Payment at qualified banks or trust companies is confined to bonds of Series A, B, C, D, and E and will be made only to a person named on the face of the bond as owner or coowner in his own right. SUBPART A—AUTHORITY TO ACT

§ 321.1 *Banks and trust companies authorized to act.* All banks and trust companies, incorporated under general or special laws of the United States, the District of Columbia, any State, territory

or insular possession of the United States, or the Canal Zone, are eligible and are hereby authorized, on and after October 2, 1944, to make payments in connection with the redemption of United States Savings Bonds, subject to the provisions of this circular and any instructions issued hereunder: *Provided, however,* That each bank or trust company must be duly qualified by the Federal Reserve Bank of the district¹ before it may make any such payment. Federal Reserve Banks, as fiscal agents of the United States, are authorized to qualify eligible banks and trust companies hereunder, and to terminate any such qualifications as hereinafter provided.

§ 321.2 *Application and qualification.* Any eligible bank or trust company which desires to qualify to make payments in connection with the redemption of United States Savings Bonds should make application to the Federal Reserve Bank of the Federal Reserve District in which it is located on Application-Agreement Form PD 1958 (see appended exhibit A), copies of which may be obtained from the appropriate Federal Reserve Bank. If the application is approved, the Federal Reserve Bank will forward to the bank or trust company a Notice of Qualification Form PD 1959 (see appended exhibit B), establishing that it is qualified to make payments in connection with the redemption of the United States Savings Bonds hereinafter specified. If the application is not approved, the bank or trust company will be so advised in writing by the Federal Reserve Bank of the District.

§ 321.3 *Termination of a bank's qualification to pay bonds.* The Secretary of the Treasury or under authority of the Secretary the appropriate Federal Reserve Bank, as fiscal agent of the United States, may, by written notice, at any time and without previous demand or notice, terminate the qualification of any bank or trust company to pay United States Savings Bonds. A duly qualified bank or trust company may discontinue making payments at any time upon written notice to the Federal Reserve Bank, and its qualification shall thereupon cease.

SUBPART B—GENERAL

§ 321.4 *Meaning of terms.* Hereinafter, for the purposes of this part, unless otherwise indicated specifically, or by context, the terms:

(a) "Bank(s)" shall mean any eligible incorporated bank or trust company duly qualified pursuant to the provisions of this circular to make payments in connection with the redemption of

¹For the purpose of this circular, banks and trust companies in Puerto Rico, the Virgin Islands and the Canal Zone shall be considered as being within the Second Federal Reserve District and shall make application to the Federal Reserve Bank of New York, and banks and trust companies in Alaska and Hawaii shall be considered as being within the Twelfth Federal Reserve District and shall make application to the Federal Reserve Bank of San Francisco.

the United States Savings Bonds hereinafter specified, including such branches and facilities thereof located within the United States (including the territories and insular possessions of the United States and the Canal Zone) as it may desire to utilize for this purpose. The term "facilities," as used herein, is defined as those bank facilities at army and navy installations and at defense plants which have been established for the duration of the war with the specific approval of the Treasury Department.

(b) "Bond(s)" shall include only United States Savings Bonds of Series A, B, C, D or E, including bonds of Series E designated "Defense Savings Bonds" or "War Savings Bonds." (Savings Bonds of Series F and G are not included.)

(c) "Owner(s)" shall mean an individual (natural person) whose name is inscribed as an owner (or coowner) in his own right on a bond which is registered in any of the following forms:

(1) In the name of a single individual in his own right, e. g. "John A. Jones";
(2) In the names of two individuals as coowners, e. g. "John A. Jones or Mrs. Ella S. Jones" (each is considered as an "owner," and payment may be made to either without the consent of the other); or

(3) In the name of one individual, payable on death to another, e. g. "John A. Jones, payable on death to Mrs. Ella S. Jones," or "John A. Jones, p. o. d. Mrs. Ella S. Jones." (In this example, John A. Jones is the "owner" and Mrs. Ella S. Jones is the beneficiary. Payment under this circular to a beneficiary is not authorized.)

(d) "Federal Reserve Bank" includes each Federal Reserve Bank and each Branch of a Federal Reserve Bank which has been or may hereafter be utilized by such Federal Reserve Bank to conduct any of the transactions in connection with which the term is used in this circular.

§ 321.5 *Reimbursement of banks' costs.* A bank shall not make any charge against the owners of bonds for payments made hereunder. However, each bank shall be entitled to receive, for its service in paying bonds hereunder, reimbursement for bonds paid and forwarded to the Federal Reserve Bank each calendar quarter according to the following scale, which shall be applicable separately to each bank and each of its branches and facilities, if utilized, and if the bonds paid by each are separately scheduled and accounted for:

15 cents each for the first 1,000 bonds.
12 cents each for the second 1,000 bonds.
10 cents each for all over 2,000 bonds.

The date such bonds are forwarded to the Federal Reserve Bank will govern the rate of reimbursement, and the payment of such amount as the bank is entitled to receive shall be made by the Federal Reserve Bank on behalf of the Treasury Department.

§ 321.6 *Announcements, etc., of authority to pay bonds.* Any announcement of or any reference to a bank's authority to pay savings bonds may be

made only in a form or manner or contain such statements or substance as may be approved by the Secretary of the Treasury or, under authority of the Secretary, by the Federal Reserve Bank of the District, as fiscal agent of the United States. A bank shall not make such announcements or references unless and until it is officially qualified to pay bonds.

SUBPART C—SCOPE OF AUTHORITY OF BANKS

§ 321.7 *General.* In order to protect the interests of the owners and to insure receipt by the proper persons of the proceeds thereof, savings bonds are registered, are not transferable, and are payable only to the owner named on the bond (except as otherwise specifically provided in the regulations governing the bonds). This policy must be understood and effectuated by each bank, notwithstanding the authority granted herein to make payments of bonds, since it is of the utmost importance that payment of the appropriate redemption value of the bonds be made to and received by only the persons entitled under the terms and conditions of the bonds and applicable regulations.

§ 321.8 *Payments authorized.* Subject to the terms of the bonds and to the provisions of the regulations governing them (Treasury Department Circular No. 530, as currently in effect on the date of payment) and the provisions of this circular, a bank may make payment of any United States Savings Bond of Series A, B, C, D or E, to the individual (natural person) whose name is inscribed as the owner (or coowner) in his own right on the bond: *Provided*, That such individual presents the bond to the bank for payment and that the individual is known to the bank or establishes his identity to the complete satisfaction of the bank. This authority to make payments to the owner named on the bond will be held to include the following exceptional cases:

(a) Where the name of the owner as inscribed on the bond has been changed by marriage and the bank knows or can establish to its complete satisfaction the identity of the owner whose name has been so changed. The signature to the request for payment should show both names, for example: "Miss Mary T. Jones, now by marriage Mrs. Mary J. Smith." A bank is not authorized to pay a bond for an owner whose name as inscribed on the bond has been changed in any other manner.

(b) Where the name of the owner inscribed on the bond is that of a minor child who is not of sufficient competency and understanding to execute the request for payment and comprehend the nature of such act but upon whose behalf request for payment is made by a parent with whom the child resides: *Provided, however*, That the form of registration does not indicate a guardian or similar representative of the estate of the minor owner has been appointed or is otherwise legally qualified. The parent requesting payment on behalf of the minor child must be known or his or her

identity established to the complete satisfaction of the bank, and the parent must sign the request for payment in the form: "John A. Jones, on behalf of John C. Jones" and affix an endorsement in substantially the following form, which may be typed on the back of the bond: "I certify that I am the _____ (father or mother) of John C. Jones and the person with whom he resides. He is _____ years of age and is not of sufficient competency and understanding to sign the request." Such a payment may not be made to any person other than a father or mother.

§ 321.9 *Specific limitations of payment authority.* A bank is not authorized hereunder to pay a bond:

(a) If the bond is presented for payment prior to the expiration of 60 days from the issue date (the issue date should not be confused with the date appearing in the issuing agent's dating stamp).

(b) If the bank does not know or can not establish to its complete satisfaction the identity of the person requesting payment as the owner of the bond (including the establishment of the identity of parents requesting payment on behalf of minor children, as set forth in § 321.8 (b)).

(c) If the owner requesting payment (form for which appears on the back of each bond) does not sign his name in ink as it is inscribed on the face of the bond and show his home or business address. (See also §§ 321.8 (a) and (b) and 321.10 (d).)

(d) If the bond appears to bear a material irregularity, for example, an altered, illegible, incomplete or unauthorized inscription, issue date or issuing agent's validating stamp impression; or if a bond appears to be altered, or is mutilated or defaced in such a manner as to create doubt or arouse suspicion with respect to the bond or any essential part thereof.

(e) If the bond is marked "Duplicate."

(f) If Treasury Department regulations require the submission of documentary evidence to support the redemption of the bond, as in the case of deceased owners, incompetents or minors under legal guardianship or the change of an owner's name as inscribed on a bond if for any reason other than marriage.

(g) If the owner named on the bond and requesting payment is a minor who, in the opinion of the bank, is not of sufficient competency and understanding to execute the request for payment and comprehend the nature of such act. (Note the authority granted to banks to make payments of bonds to either parent on behalf of a minor child under the provisions of § 321.8 (b).)

(h) If it is known to the bank that the owner has been declared in accordance with law, incompetent to manage his estate.

(i) If partial redemption is requested. Attention is directed to § 321.17 hereof for handling bonds of the foregoing classes of cases which may not be paid by banks.

SUBPART D—PAYMENT AND ACCOUNTING

§ 321.10 *Examination of bonds presented for payment.* Before making payment of bonds presented hereunder the bank:

(a) Shall determine that the person requesting payment as the "owner" (as defined in this circular) is known or his identity is established to the satisfaction of the bank.

(b) Shall examine the bond and determine that it is a bond which the bank is authorized to pay under the provisions of this circular.

(c) If the request for payment on the back of the bond is already executed, shall determine that the request is properly signed by the registered owner presenting the bond and that his home or business address is shown.

(d) If the request for payment on the back of the bond has not been executed or has been improperly executed by the owner presenting the bond, shall require such owner to properly sign the request and show his home or business address.

§ 321.11 *Certification of requests for payment.* In view of the provisions of this circular governing payment of bonds and the requirements as to the data to be endorsed on each bond, under § 321.12, a bank will not be required in the case of any bond paid to it to complete the certification form at the end of the request for payment, nor determine the authenticity of any certification which may appear on the bond at the time it is presented for payment: *Provided, however*, That each bank submitting paid bonds shall be understood by such submission to have represented and certified that the identity of the owner requesting payment has been duly established to the satisfaction of the bank by one of its officers or by an employee duly authorized by the bank.

§ 321.12 *Determination of redemption values and payment of bonds.* The redemption value of a bond is determined from the period of time (years and full half-year) that it has been outstanding, and the table of redemption values on each bond. The Federal Reserve Bank of the district will furnish each bank with a table of redemption values from which it will be possible, after determining the month and year of issue of any bond, to immediately establish its current value. After establishing such value, payment thereof to the owner requesting payment shall be made in cash. No objection will be made to an arrangement between the owner and the bank under which the owner accepts in lieu of cash, a credit to his checking or savings account with the bank, or a check or similar instrument payable to his order. Each bank shall place on the face of each bond paid by it the word "Paid", the amount and date of payment and the name, location and transit (or code) number of the bank. Other data pertinent to the payment procedure of a bank may be included if approved by the Federal Reserve Bank of the District. The Federal Reserve Bank will furnish rubber stamps for this purpose or, in lieu

thereof, will approve suitable stamps prepared by a bank. The affixation of such data shall be construed by and between the bank and the Treasury Department to be a certification by the paying bank that the bond has been paid in accordance with the terms and requirements of this circular and that payment of the proceeds of the bond has been made to the owner.

§ 321.13 *Forwarding paid bonds to the Federal Reserve Bank.* After payment, the bonds shall be forwarded to the Federal Reserve Bank of the district in accordance with instructions issued by such Federal Reserve Bank.

§ 321.14 *Redemption of paid bonds by Federal Reserve Banks.* Upon receipt of the paid bonds the Federal Reserve Bank will make immediate settlement with the forwarding bank for the total amount of payments made on such bonds; however, such settlement shall be subject to adjustment if any discrepancies are discovered at a later date.

§ 321.15 *Losses resulting from payments.* Section 22 of the Second Liberty Bond Act, as amended, provides:

(i) Any losses resulting from payments made in connection with the redemption of savings bonds shall be replaced out of the fund established by the Government Losses in Shipment Act, as amended, under such regulations¹ as may be prescribed by the Secretary of the Treasury. The Treasurer of the United States, any Federal Reserve Bank, or any incorporated bank or trust company authorized or permitted to make payments in connection with the redemption of such bonds, shall be relieved from liability to the United States for such losses, upon a determination by the Secretary of the Treasury that such losses resulted from no fault or negligence on the part of the Treasurer, the Federal Reserve Bank, or the incorporated bank or trust company * * *. The provisions of Section 3² of the Government Losses in Shipment Act, as amended, with respect to the finality of decisions by the Secretary of the Treasury shall apply to the determinations made pursuant to this subsection. * * *.

(a) *Consideration of facts concerning loss.* In any case in which a loss occurs, the paying bank shall be afforded ample opportunity to present all of the facts pertaining to the circumstances of the payment for consideration by the Secretary.

§ 321.16 *Preservation of rights.* Nothing contained in these regulations shall be construed to limit or restrict any

¹ Regulations governing replacement of losses resulting from payments made in connection with the redemption of United States Savings Bonds are set forth in Treasury Department Circular No. 751.

² The provisions of section 3 of the Government Losses in Shipment Act, as amended, with respect to the finality of decisions by the Secretary of the Treasury are: "Notwithstanding any provision of law to the contrary, the decision of the Secretary of the Treasury that such loss, destruction, or damage has occurred or that such shipment was made substantially in accordance with such regulations shall be final and conclusive and shall not be subject to review by any other officer of the United States."

existing rights which holders of savings bonds may have acquired under the circulars offering such bonds for sale and the regulations prescribed thereunder.

§ 321.17 *Redemption of bonds not payable by banks.* Any bonds which a bank is not authorized to pay pursuant to the provisions of this circular should be forwarded by the owner, or his agent, after certification of the requests for payment, to the Federal Reserve Bank or Branch of the District for redemption. If a bank should undertake to forward such unpaid bonds at the request and in behalf of the person entitled to payment, such bonds must be sent separate and apart from bonds which the bank has paid. Any documentary evidence required to support the redemption should accompany the bond or bonds when forwarded to the Federal Reserve Bank.

§ 321.18 *Functions of Federal Reserve Banks.* The Federal Reserve Banks, as fiscal agents of the United States, are authorized to perform such duties, and prepare and issue such forms and instructions, as may be necessary to the fulfillment of the purpose and requirements of this circular. The Federal Reserve Banks, in their discretion, may utilize any or all of their branches in the performance of these duties.

§ 321.19 *Supplements, amendments, etc.* The Secretary of the Treasury may at any time or from time to time supplement, amend, or withdraw, in whole or in part, the provisions of this circular, or of any amendments or supplements thereto, information as to which will be furnished promptly to the Federal Reserve Banks and to the banks qualified hereunder.

SUBPART B—REPORTS OF LOSSES

§ 322.2 *Loss to the United States.* A loss to the United States may result from an erroneous (or unauthorized) payment in connection with the redemption of savings bonds.

§ 322.3 *Erroneous payments reported or discovered by Federal Reserve Banks.* If an incorporated bank or trust company, qualified to pay savings bonds, after returns have been made to the Federal Reserve Bank finds an erroneous payment to have been made, immediate report should be made to the Federal Reserve Bank. Any such erroneous payments so reported, and any other erroneous payments found by a Federal Reserve Bank in returns from an incorporated bank or trust company shall, so far as possible, be adjusted between the Federal Reserve Bank and the incorporated bank or trust company concerned.

§ 322.4 *Report to Treasury of cases involving erroneous payments.* Any such erroneous payments which are not adjusted and any other erroneous payments otherwise found after the account of the Treasurer of the United States has been charged shall immediately be reported to the Treasury Department, Division of Loans and Currency, Merchandise Mart, Chicago 54, Illinois.

SUBPART C—FINAL DETERMINATION OF LOSSES

§ 322.5 *Reported erroneous payment, general action by Treasury.* Following receipt of the report of an erroneous payment the Treasury Department will appropriately advise the paying agent concerned, unless such action is unnecessary. The Department shall determine whether or not appropriate adjustment may be effected with the persons concerned in the erroneous payment and in this connection will expect the cooperation of the paying agent, if necessary.

(a) If it is determined that no loss to the United States will occur the paying agent will be so advised.

(b) If it is determined that a final loss to the United States has occurred, the paying agent will be given every opportunity to present the full facts relating to the payment for consideration of the Secretary of the Treasury. If the Secretary shall determine that the final loss resulted from no fault or negligence on the part of the paying agent, the paying agent shall be relieved from liability to the United States. If, however, the Secretary of the Treasury finds fault or negligence on the part of the paying agent, notice to that effect will be given such paying agent who will make prompt restitution.

§ 322.6 *Restitution by paying agents.* In no case will the Treasurer of the United States, a Federal Reserve Bank or Branch, or the banking institution which made the erroneous payment be called upon to make restitution unless and until it is determined that a final loss has been incurred as a result of an erroneous payment due to the fault or negligence of such paying agent.

SUBPART D—REPLACEMENT OF LOSSES OUT OF THE FUND

§ 322.7 *Replacement and recovery in connection with losses.* When it is established to the satisfaction of the Secretary of the Treasury that a loss has resulted from a payment made in connection with the redemption of a United States Savings Bond, the loss shall be subject to immediate replacement out of the fund established by the Government Losses in Shipment Act, as amended. Any recovery or repayment on account of any such loss as to which replacement shall have been made out of the fund shall be credited to the fund.

SUBPART E—INVESTIGATION OF LOSSES

§ 322.8 *Use of Secret Service Division.* The Treasury Department, and, in appropriate cases, Federal Reserve Banks, as fiscal agents of the United States, may request the Secret Service to investigate losses and assist in the recovery of improper payments. The Treasurer of the United States, the Federal Reserve Banks, and qualified banking institutions should cooperate with the Secret Service to the fullest extent in facilitating investigations and making recoveries.

SUBPART F—SUPPLEMENTS, AMENDMENTS, ETC.

§ 322.9 *Supplements, amendments, etc.* The Secretary of the Treasury may at any time or from time to time supplement, amend, or withdraw, in whole or in part, the provisions of this circular, or of any amendments or supplements thereto, information as to which will be furnished promptly to the Federal Reserve Banks and to banking institutions qualified to make payments of savings bonds under the provisions of Treasury Department Circular No. 750.

lumber and other building supplies. Between about November 19, 1943, and February 11, 1944, it sold Number 2 Douglas Fir to certain of its customers on unrated orders in violation of Conservation Order M-208. During approximately the same period of time, it also applied unauthorized ratings to orders for lumber and other materials in violation of Priorities Regulation 3. The responsible officers of L. B. Nauss & Sons, Inc., were aware of Conservation Order M-208 and Priorities Regulation 3 and the violations were the result of gross negligence.

These violations of Conservation Order M-208 and Priorities Regulation 3 have diverted critical materials to uses not authorized by the War Production Board. In view of the foregoing, it is hereby ordered, that:

§ 1010.608 *Suspension Order No. S-608.* (a) L. B. Nauss & Sons, Inc., its successors or assigns, shall not receive any lumber as defined in or governed by Order L-335 (as amended from time to time) except by the extension of certified orders received from its customers or other distributors, unless hereafter specifically authorized in writing by the War Production Board.

(b) Nothing contained in this order shall be deemed to relieve L. B. Nauss & Sons, Inc., its successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board, except insofar as the same may be inconsistent with the provisions hereof.

(c) This order shall take effect on September 1, 1944, and shall expire on December 31, 1944.

[Order L-335 Direction 15]

DELIVERY OF FLITCHES

The following direction is issued pursuant to Order L-335:

(a) *Definition.* For the purpose of this direction a flitch is any segment of a log which has been produced so that it can be converted into veneer.

(b) *Delivery of flitches to veneer manufacturers.* Any person may deliver flitches to a veneer manufacturer and any veneer manufacturer may receive flitches without regard to the provisions of Order L-335. The veneer manufacturer in determining whether he is a Class I Consumer does not include flitches in his requirements for lumber. Flitches that a veneer manufacturer receives under the provisions of this direction may not be used for any purpose other than producing veneer.

PART 3285—LUMBER AND LUMBER PRODUCTS
[Order L-335, Direction 16]

FARMER'S RECEIPT OF LUMBER PRODUCED
FROM HIS OWN TREES

The following direction is issued pursuant to Order L-335:

(a) *Definition.* For the purpose of this direction "farmer" means a person who engages in farming as a business, by raising crops, livestock, bees, or poultry. It does not include a person who has just a "victory garden" or a person who raises food or other agricultural products entirely for his own use.

(b) *Farmer's receipts of lumber cut from his own trees.* Any farmer who cuts trees on his own farm may have them sawed into lumber by a sawmill and may receive up to 5,000 board feet of lumber sawed from such trees in a calendar year without giving the sawmill a certificate or rating as required by Order L-335. This direction will be authority for the sawmill to deliver back to the farmer this amount of lumber without requiring a certificate or a rating. If a farmer wishes to receive more than 5,000 board feet of lumber which has been cut from his own trees he may do so only by providing the sawmill with a certificate which he has obtained from his County Agricultural Conservation Committee or any other certificate he is authorized to use, or by extending a certificate that he has received from another lumber consumer. Certificates that the farmer receives from another lumber consumer may be extended in the same way that a distributor extends certificates that he receives from his customers. This is explained in paragraph (c) (1) of Order L-335.

It will be the policy of the War Production Board not to assign any ratings except for military and extremely urgent civilian purposes.

No person shall use any preference ratings to obtain deliveries of items on List A except those assigned on Form WPB-1319 or WPB-617.

Before filing WPB-1319, applicants should consult the current instructions booklet relating to this form.

In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priority control and may be deprived of priorities assistance.

[General Allocation Order M-300,
Schedule 44]

SYNTHETIC ORGANIC DETERGENTS

§ 3293.1044 Schedule 44 to General Allocation Order M-300—(a) Definitions.

(1) "Critical synthetic organic detergents" means those alkyl aryl sulfonates, alkyl amide sulfuric esters and polyglycol fatty acid esters known by the following trade names: Nacconol NRSF; Nacconol HG; Nacconol NRG; Nacconol NR; Santomerse No. 1; Santomerse No. 55; Santomerse No. 3; M. P. 189; M. P. 189 SX; M. P. 646; Ultrawet A; Ultrawet 40A; Ultrawet 60A; Igepon T; Igepon T. D.; Synthetic Detergent 92; Neutronyx 23.

(2) "Special military order" means any purchase order for the items indicated below placed by the indicated service units, or placed by any person for critical synthetic organic detergents required for the manufacture of the items listed below for sale directly to the indicated service units:

1. Army All-Purpose Soap (Specification O. Q. M. G.-100A) for Jersey City Q. M. Depot.
2. Navy Salt Water Soap (Specification 51D7, 51S46 or 51S47) for Navy Bureau of Supplies and Accounts.
3. Mobile Laundry Detergent for Jersey City Q. M. Depot or for Marine Corps Q. M. Depot.
4. Germicidal Rinse for Jersey City Q. M. Depot.

(3) "Regular order" means any purchase order which is not a "special military order."

(b) General provisions. Critical synthetic organic detergents are subject to the provisions of General Allocation Order M-300 as Appendix B materials. The initial allocation date is October 1, 1944. The allocation period is the calendar month. The small order exemption without use certificate is 100 pounds in the aggregate of all kinds of synthetic organic detergents per person per month.

(c) Deliveries against "special military orders." Beginning October 1, 1944, each supplier shall make deliveries of critical synthetic organic detergents during any month against "special military orders" only to the extent authorized or directed by the War Production Board, without regard to preference ratings.

(d) Deliveries against "regular orders." Beginning October 1, 1944, each supplier shall make deliveries of critical synthetic organic detergents against "regular orders" during any month in accordance with applicable preference ratings, subject to the following conditions:

(1) No deliveries against "regular orders" shall be made if such deliveries will prevent fulfilling all deliveries against "special military orders" which have been specifically authorized by the War Production Board.

(2) The aggregate quantity of critical synthetic organic detergents delivered against "regular orders" during any month shall not exceed the quantity specifically authorized for each category by the War Production Board.

(e) Suppliers' applications on WPB-2947. Each supplier seeking authorization to use or deliver critical synthetic organic detergents shall file application on Form WPB-2947 (formerly PD-602). Filing date is the 20th day of the month before the proposed allocation month. A separate set of forms shall be filed for each critical synthetic organic detergent for which authorization to use or deliver is required. Send three copies (one certified) to the War Production Board, Chemicals Bureau, Washington 25, D. C., Ref: M-300-44. In grade space specify the trade name of the particular detergent. The unit of measure is pounds. In Table I, first, in Column 1 list names of customers placing "special military orders" and specify in Column 1a contract numbers and in Column 4 the quantity ordered for delivery in the next month. Second, list in Column 1 the names of all suppliers who have specified resale in their certificates, in Column 1a specify whether the resale is to be authorized or is to be in exempt 100-pound lots, and in Column 4 specify the requested quantities. Third, specify in Column 1 "regular orders", without specifying customers' names, specify the end use categories separately in Column 1a, and in Column 4 specify the aggregate quantity for each category of use. Fourth, specify in Column 1 "100 lb. exempt orders", without listing customers' names, leave Column 1a blank, and specify the aggregate quantity in Column 4. Fill in the other columns as indicated.

If the applicant supplier is seeking authority to use any part of his own production or stock, he shall apply as if the consuming part of his organization had filed a purchase order and use certificate with the production or distribution part of his organization (the actual filing of such order and certificate is not necessary).

In Table II each producer of critical synthetic organic detergents shall fill in Columns 8 through 16 as indicated. Distributors who purchase for resale shall fill in Columns 8, 10, 12 and 13 and leave the other columns of this table blank. In Columns 10 and 13, suppliers shall enter only those stocks not authorized for use or delivery on the dates specified.

(f) Statements of use with purchase orders. Each person placing purchase orders for more than 100 lbs. of critical

synthetic organic detergents per month from all suppliers shall furnish each of his suppliers with a certified statement of proposed use, in the form prescribed in Appendix D of Order M-300. Specify proposed use as follows:

(1) For "special military orders" placed by consumers, state "Special Military Order, Contract _____" (specify each military contract number).

(2) For "regular orders" placed by consumers, state "For _____" and specify proposed product as follows:

Rubber.	Insecticides.
Textiles.	Soap.
Dye stuffs.	Germicides.
Leather.	Dairy cleaners.
Metal.	Other (specify).
Pulp and paper.	

(3) For orders placed by suppliers for detergents for resale without further processing or admixture, state "For resale on further authorization", or "For resale in lots of 100 lbs. or less per customer per month."

(g) Special directions with respect to other synthetic organic detergents. The War Production Board may from time to time issue special directives with respect to production, use and delivery, by the producer, of any synthetic organic detergent which is not listed in paragraph (a) (1) above, but is similar to any critical synthetic organic detergent listed in that paragraph. The test of similarity is whether the synthetic organic detergent in question is capable of filling "special military orders" as defined in paragraph (a) (2).

(h) Budget Bureau approval. The above reporting requirements have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(i) Communications to War Production Board. Communications concerning this schedule shall be addressed to: War Production Board, Chemicals Bureau, Washington 25, D. C., Ref: M-300-44.

PART 3296—SAFETY AND TECHNICAL EQUIPMENT

[General Limitation Order L-39, as Amended
Sept. 2, 1944]

FIRE PROTECTIVE, SIGNAL AND ALARM EQUIPMENT

The fulfillment of requirements for the defense of the United States has created shortages in the supplies of materials entering into the production of fire protective, signal and alarm equipment, for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3296.1 General Limitation Order L-39—(a) Definitions. For the purpose of this order:

(1) "Fire protective equipment" means: sprinkler systems, couplings, playpipes and allied fittings, fire hose, fire hydrants, fire pumps, hose dryers, hose racks, indicator posts, lightning protection systems, piped extinguishing systems, portable fire extinguishers including back pack types, foam generators, stirrup pumps, water spray nozzles, and all other fire protective equipment for preventing or extinguishing fires, excepting self-propelled motorized fire apparatus and auxiliary units including trailer, skid, front mounted and portable apparatus.

(2) "Signal and alarm equipment" means the following types of equipment:

(i) All types of signal or alarm systems or equipment designed for protective purposes, such as: fire, police and burglar alarm systems, watchmen's time recording systems, intrusion systems, and boundary protection systems, whether such systems are central station, proprietary, auxiliary or local; recording locks; and portable watch clocks.

(ii) All types of paging and call systems (other than intercommunicating systems), such as doctor and nurse call systems and factory paging systems.

The term does not include air raid warning devices.

(3) "Dry-pendant sprinkler head" means a sprinkler head for use in a pendant position on a dry pipe system and permanently attached to an extension nipple so as to exclude water from the nipple.

(4) "Incendiary bomb control equipment" means any pump, device, instrument, or material designed for the removal, control or extinguishment of incendiary bombs.

(5) "Stirrup pump" means a manually operated pump used to draw water or other liquid from a separate container to extinguish or control fires.

(6) "Air raid warning device" means any siren, whistle, horn, diaphone, signal or device used or intended for use to warn or signal civilians in connection with air raids or other war hazards.

(7) "Copper base alloy" means any alloy in the composition of which the weight of copper equals or exceeds 40 percent of the weight of all metal in the alloy.

(b) General restrictions—(1) Restrictions on use of scarce materials. Except as provided in paragraph (c) of this order, no person shall incorporate in any fire protective, signal or alarm equipment, air raid warning device, or parts thereof, any bismuth, cadmium, chromium, copper, monel metal, nickel, tin, or alloy of any such metals, asbestos, rubber or synthetic rubber, except to the extent permitted in Appendix A hereof.

(2) [Deleted July 13, 1944]

(3) Restrictions on foam extinguishers. No person shall purchase or accept delivery of any foam extinguisher except for use in the protection of inflammable liquids, and no person shall sell or deliver any foam extinguisher which he knows or has reason to believe will be used in violation of this paragraph (b) (3).

(4) Restrictions on manufacture of alkali metal (loaded stream) extinguishers. No person shall in any quarter complete the manufacture of any type of alkali metal salt solution (loaded stream) extinguishers in excess of 25 percent of the total of such type (irrespective of size) manufactured by such person during the twelve month period ending November 30, 1941, except to fill purchase orders or contracts from any agency or government listed in subdivisions (i), (ii), and (iii) of this paragraph (b) (4). In determining the number of extinguishers manufactured during said twelve month base period ending November 30, 1941, extinguishers manufactured to fill contracts or purchase orders from, or for delivery to any of the following shall be excluded:

(i) The Army or Navy of the United States, United States Maritime Commission, War Shipping Administration, Panama Canal, Coast and Geodetic Survey, Coast Guard, Civil Aeronautics Authority, National Advisory Committee for Aeronautics, the Office of Scientific Research and Development;

(ii) The Government of any of the following countries: the United Kingdom, Canada, and other dominions, Crown Colonies and protectorates of the British Empire, Belgium, China, Greece, the Kingdom of the Netherlands, Norway, Poland, Russia, and Yugoslavia;

(iii) Any agency of the United States Government for delivery to or for the account of any country listed above or any other country pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act).

(5) Restrictions on manufacture of stirrup pumps. No person shall manufacture any stirrup pump, or part thereof, except to fill purchase orders from the Army or Navy of the United States, the United States Maritime Commission, War Shipping Administration, Defense Supplies Corporation, or from any agency of the United States Government for delivery to or for the account of the government of any country pursuant to the Act of March 11, 1941, entitled, "An Act to Promote the Defense of the United States" (Lend-Lease Act).

(6) Restriction on manufacture of soda-acid fire extinguishers. No person shall manufacture any soda-acid fire extinguisher.

(7) Restrictions on sale and delivery of signal and alarm equipment and air raid warning devices. (i) No person shall sell, deliver or install any signal and alarm equipment costing \$200 or more or any air raid warning device costing \$25 or more except to fill the following kinds of orders:

(a) Orders from or for the account of the Army or Navy of the United States, the United States Maritime Commission or the War Shipping Administration;

(b) Orders for equipment (signal and alarm equipment and air raid warning devices) the delivery of which has been specifically authorized by the War Production Board on Form WPB-1319. (Any person receiving specific authorization on Form WPB-1319 must notify his sup-

plier by placing on his purchase order the following certification, in addition to the certification in Priorities Regulation 7: "Delivery approved on Form WPB-1319, case no. —, under Order L-39". The supplier may get delivery of the equipment from his supplier to fill the order, if necessary, by placing the same certification on his order.)

(c) Orders for equipment the delivery of which has been specifically authorized on Form GA-1456.¹ (A person receiving an authorization for this equipment on Form GA-1456 must notify his supplier by placing on his purchase order the following certification, in addition to the certification in Priorities Regulation 7: "Delivery approved on Form GA-1456 under Direction 1 to CMP Regulation 6". The supplier may get delivery of the equipment from his supplier to fill the order, if necessary, by placing the same certification on his order.)

Cost is determined under this paragraph by taking the installed cost to the purchaser. If the equipment is leased rather than sold, cost is determined by taking the price which would be charged to the building owner if the equipment were installed and sold outright.

(ii) [Revoked Feb. 16, 1944]

(iii) In conjunction with the granting of specific authorization to receive signal or alarm equipment or air raid warning devices on Form WPB-1319, the War Production Board may also assign preference ratings to the authorized deliveries on such form. Any preference rating so assigned shall be applied and extended only in accordance with the terms of Priorities Regulation 3.

(8) Restriction on the manufacture of signal or alarm equipment. Except upon specific authorization by the War Production Board, no person shall manufacture, install, deliver or accept delivery of any smoke, fire, or intrusion detector employing photo-electric principles, except to fill purchase orders from a purchaser listed in paragraph (b) (4) of this order and unless such item is for use on board ship.

(9) Restrictions on the manufacture of air raid warning devices. No person shall manufacture, sell, purchase, deliver, install or accept delivery of any air raid warning device which requires for its operation a motor in excess of three (3) horse power.

¹ Authorization on Form GA-1456 is issued for approved construction projects upon application on Form WPB-617, and persons needing signal and alarm equipment or air raid warning devices for use in a project should ask for the equipment on their project application. However, when a person wishes only to get this equipment for installation in an existing structure and no other construction is involved, he should follow these rules:

1. If the cost of installation materials is not more than \$500, the application should be filed on Form WPB-1319.

2. If the cost of installation materials is more than \$500, the application should be filed on Form WPB-617.

"Installation materials" include such items as wire, tubing and conduit used to install the equipment in the structure, but of course the equipment itself is not included.

(10) *Restrictions on sale and delivery of cotton rubber-lined fire hose.* No person shall sell or deliver any new cotton rubber-lined fire hose except to fill the following kinds of orders:

(i) Orders bearing a preference rating of AA-5 or higher;

(ii) Orders which had been placed prior to August 23, 1943, and which bear a preference rating of A-9 or higher; or

(iii) Orders from distributors. (Distributors may sell or deliver only to persons to whom sale or delivery is authorized to be made by this paragraph (b) (10).)

No person shall purchase or accept delivery of any cotton rubber-lined fire hose if he knows or has reason to believe that the sale or delivery of such hose is prohibited by this paragraph.

(11) *Restrictions on manufacture of incendiary bomb control equipment.* Effective thirty days after January 20, 1943, no person shall manufacture any incendiary bomb control equipment, except when and to the extent authorized by the War Production Board, or to the extent permitted by paragraph (b) (5) of this order.

(c) *Exceptions to paragraph (b) (1).* The restrictions of paragraph (b) (1) shall not apply to:

(1) Brass fire hose couplings, provided that such couplings are delivered to or for the account of:

(i) The Army or Navy of the United States, the United States Maritime Commission or the War Shipping Administration, and are for use on board ship; or

(ii) Any person whose purchase order bears a rating which was assigned for the specific couplings on Form WPB-646 (formerly Form PD-300); or

(iii) The Panama Canal; or

(iv) Any person for use on board ships warranted by the United States Maritime Commission.

(2) Carbon dioxide extinguishers manufactured in accordance with specifications of the Army or Navy of the United States, the United States Maritime Commission, or the War Shipping Administration.

(d) *Representations on orders from government agencies.* Any purchase order or contract from any agency or government named in subparagraphs (i), (ii), or (iii) of paragraph (b) (4) of this order shall constitute a representation that the conditions exist under which such purchase order or contract may be filled within the terms of this order. Said representation may be relied upon by the person with whom the purchase order or contract is placed and by his subcontractors and suppliers.

(e) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime and upon conviction may be punished by fine or imprisonment. PART 1010—SUSPENSION ORDERS

[Suspension Order S-604]

ATLAS MANUFACTURING CO.

D. L. King, T. J. Morris and R. A. Beaux, are partners doing business as the Atlas Manufacturing Company at Rogers, Arkansas, and are engaged in the manufacturing of poultry feeders and poultry waterers. During the period from October 8, 1943 to March 1, 1944, they manufactured and sold at least 16,289 poultry feeders and poultry waterers of the aggregate value of \$17,226.60. During this period, by the terms of General Limitation Order L-257, their manufacture of these items was limited to an amount not exceeding the value of \$2500, for the reason that they had not been engaged in such manufacture during the years 1940 or 1941. The manufacture of \$14,726.60 aggregate value of poultry feeders and poultry waterers in excess of this permitted amount was a violation of General Limitation Order L-257. During the period from November 1, 1943, to March 1, 1944, the respondents placed orders for, and obtained delivery of 71,088 pounds of galvanized steel sheets certifying that this material was required for maintenance, repair and operating supplies, when, in fact, it was used for production purposes, in violation of CMP Regulation No. 5 and Priorities Regulation No. 3. The respondents were familiar with General Limitation Order L-257, and their actions constituted willful violations of that Order. Respondents' violations of CMP Regulation No. 5 and Priorities Regulation No. 3 resulted from their gross negligence.

These violations have hampered and impeded the war effort of the United States by diverting critical materials to uses not authorized by the War Production Board. In view of the foregoing, it is hereby ordered, that:

§ 1010.604 *Suspension Order No. S-604.* (a) D. L. King, T. J. Morris and R. A. Beaux, doing business as Atlas Manufacturing Company or otherwise, their and its successors or assigns, shall not manufacture, fabricate, process or machine any sheet metal poultry feeders as specified in General Limitation Order L-257.

(b) Deliveries of material to D. L. King, T. J. Morris and R. A. Beaux, individually or doing business as Atlas Manufacturing Company, or under any other name, their or its successors or assigns, shall not be accorded priority

over deliveries under any other contract or order and no preference rating shall be assigned, applied or extended to such deliveries by means of preference rating certificates, preference rating orders, general preference orders or any other orders or regulations of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(c) No allocations, including allotments, shall be made to D. L. King, T. J. Morris, and R. A. Beaux, doing business as Atlas Manufacturing Company, or otherwise, their and its successors or assigns, of any materials or products, the supply or distribution of which is governed by any order or regulation of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(d) Nothing contained in this order shall be deemed to relieve D. L. King, T. J. Morris and R. A. Beaux, individually or doing business as Atlas Manufacturing Company, or otherwise, their or its successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board, except insofar as the same may be inconsistent with the provisions hereof.

(e) This order shall take effect on September 2, 1944, and shall expire on January 2, 1945.

Issued this 23d day of August 1944.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-605]

ROGERS PLUMBING CO.

J. M. Henderson of Rogers, Arkansas, doing business as Rogers Plumbing Company, is engaged in the manufacture of poultry feeders and waterers. On or about July 24, 1943, respondent filed Form PD-629 in which he falsely represented to the War Production Board that he had manufactured 16,000 poultry feeders in 1940 and 1941, when, in fact, he was not engaged in manufacturing such items of any farm machinery or equipment in either of the years 1940 or 1941. These misstatements subjected J. M. Henderson to administrative action under the provisions of General Limitation Order L-257 and Priorities Regulation No. 1. On the basis of these false representations, respondent obtained substantial allotments of controlled materials in the third and fourth quarters of 1943, and purchased controlled materials during such quarters greatly in excess of the allotments obtained by his prior false representations, in violation of CMP Regulation No. 1. During the period from May 1, 1943, to August 17, 1943, respondent placed orders for, and obtained delivery of 10,370 lbs. of galvanized sheet steel, certifying that this steel was required for maintenance, repair and

² See footnote on p. 10853.

operating supplies. Such steel was not used by him for essential maintenance and repair operations, but was, in fact, used for production purposes, in violation of CMP Regulation No. 5. The respondent was familiar with the provisions of CMP Regulation No. 1 and CMP Regulation No. 5, and his actions constituted wilful violations of these regulations.

These violations have hampered and impeded the war effort of the United States by diverting critical materials to uses not authorized by the War Production Board. In view of the foregoing, it is hereby ordered, that:

§ 1010.605 *Suspension Order No. S-605.* (a) J. M. Henderson, doing business as Rogers Plumbing Company or otherwise, his and its successors or assigns, shall not manufacture, fabricate, process or machine any sheet metal poultry feeders as specified in General Limitation Order L-257.

(b) Deliveries of material to J. M. Henderson, doing business as Rogers Plumbing Company or otherwise, his and its successors or assigns, for use in the manufacture, fabrication, processing or machining of sheet metal poultry feeders or poultry waterers as specified in General Limitation Order L-257, shall not be accorded priority over deliveries under any other contract or order and no preference rating shall be assigned, applied or extended to such deliveries by means of preference rating certificates, preference rating orders, general preference orders or any other orders or regulations of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(c) No allocations, including allotments, shall be made to J. M. Henderson, doing business as Rogers Plumbing Com-

pany or otherwise, his and its successors or assigns, of any materials or products for use in the manufacture, fabrication, processing or machining of sheet metal poultry feeders or poultry waterers as specified in General Limitation Order L-257, the supply or distribution of which is governed by any order or regulation of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(d) Nothing contained in this order shall be deemed to relieve J. M. Henderson, doing business as Rogers Plumbing Company or otherwise, his and its successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board, except insofar as the same may be inconsistent with the provisions hereof.

(e) This order shall take effect on September 2, 1944, and shall expire on January 2, 1945.

Issued this 23d day of August 1944.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-63, Revocation]

ILLINOIS PURE ALUMINUM CO.

Suspension Order No. S-63 was issued against the Illinois Pure Aluminum Company, Lamont, Illinois, a manufacturer of aluminum kitchen utensils, effective July 2, 1942. An appeal was filed with the Chief Compliance Commissioner on June 25, 1943. The case was reviewed by the Chief Compliance Commissioner, as

a result of which on July 31, 1943 the appeal was dismissed. The Chief Compliance Commissioner has further reviewed the matter in the light of changed conditions affecting aluminum and the issue of General Limitation Order L-30-e on August 15, 1944. As a result of this review he has directed that Suspension Order No. S-63 be revoked forthwith. In view of the foregoing:

It is hereby ordered, That: § 1010.63 *Suspension Order No. S-63* be revoked.

Issued this 2d day of September 1944.

At times the provisions of this order will not fit the needs of a particular person. In any such case, the person affected may apply by letter to the Copper Division, War Production Board, for a specific authorization to cover his needs. Situations may arise which will require the War Production Board, from time to time, to issue specific authorizations or directions to a person as to the source, destination, amount or grade of copper raw materials to be delivered, acquired or used by him.

PART 3216—MATERIAL ENTERING INTO THE OPERATION OF TRANSPORTATION SYSTEMS

[Preference Rating Order P-142, Direction 4]

REDUCTION IN TRACK MATERIAL AUTHORIZATIONS

The following direction is issued pursuant to Preference Rating Order P-142 (§ 3216.1):

(a) Each authorization on form letter GA-1844 (dated June 1, 1944) permitting a railroad operator to place advance orders for track materials for the first and second quarters of 1945 is hereby reduced by 25% of the amount authorized for the first quarter and

by 18% of the amount authorized for the second quarter. This means that the advance authorizations for each category of track materials ("for new rail" and "for maintenance" as indicated in GA-1844) are reduced by the above amounts for each quarter. "Track materials" means those items of track material listed in paragraph (b) (2) of Order P-142.

(b) Railroad operators must cancel outstanding purchase orders for track materials already placed for the first and second quarters of 1945 to the extent necessary to conform with advance authorizations as reduced by paragraph (a). Final authorizations will be issued on a firm basis, as usual, when firm allotments of new rail are made for each quarter.

(c) This direction applies only to railroad operators under Order P-142 (serial numbers below 1,000) and not to transit or other operators.

(b) *Restrictions on production*—(1) *House trailers.* No person shall manufacture, fabricate, or assemble a house trailer, except as authorized by a production schedule issued by the War Production Board, or except as permitted by paragraph (f).

(2) *Expansible mobile houses.* No person shall manufacture, fabricate or assemble an expansible mobile house, except as permitted by paragraph (f).

(c) *Authorization and scheduling of production*—(1) *Applications to produce.* Applications to produce house trailers should be submitted to the War Production Board on Form CMP-4B, addressed to the War Production Board, Building Materials Division, Washington 25, D. C. Authorized production schedules will be made on Form GA-

1850. Each house trailer manufacturer is expected to produce during the specified period the number of trailers he is authorized to manufacture.

(2) *Policy in authorizing production schedules.* Manufacture of house trailers will be authorized so that the total production by the industry will not exceed the approved War Production Board program and so that production in any one plant or labor requirements therefor will not interfere with the war production in that plant or in any plant located in the same area.

(3) *Transfer of production schedules.* If a manufacturer finds that he is unable to complete his authorized production schedule within the specified period, he shall immediately notify the Building Materials Division of the War Production Board. The War Production Board may transfer from one manufacturer to one or more other manufacturers that portion of an authorized production schedule which cannot be completed during the specified period. Any arrangement by one manufacturer to have house trailers produced for him by another must first be submitted to the War Production Board for approval.

(4) *Information.* The War Production Board will, on request of any manufacturer of house trailers, give notice to all manufacturers of the total production authorized and the production authorized to each individual manufacturer.

(d) *Restrictions on use of material in production of house trailers.* No person shall use more than 678 pounds of steel and 4 pounds of copper, exclusive of Class B products, in the manufacture, fabrication or assembly of a single-axle house trailer, nor more than 751 pounds of steel and 4 pounds of copper, exclusive of Class B products, in the manufacture, fabrication or assembly of a tandem-axle house trailer. The maximum exterior body length of any house trailer shall not exceed 24 feet.

(e) *Restrictions on delivery of house trailers.* Except as deliveries of house trailers are made to dealers for resale, no manufacturer or dealer shall deliver a new or used house trailer manufactured after July 15, 1943, unless delivery has been specifically authorized by the War Production Board on Form WPB-3538. Permission may be applied for by filing an original and two copies of Form WPB-3538 with the War Production Board's nearest local office for his District. A copy of the application will be returned to the seller with approval or denial indicated on the Form. The approved Form will be authority for the seller to deliver. No person shall deliver or accept delivery of a house trailer if he knows or has reason to believe that such house trailer was manufactured contrary to paragraphs (b) or (d).

(f) *Exemptions from provisions of this order.* This order does not apply to any house trailer or expansible mobile house manufactured to fill a specific order from or for the account of the Army, Navy, Maritime Commission, War Shipping Administration, or the National Housing Agency.

(g) *Reports.* Each person affected by this order shall execute and file with the War Production Board such reports and questionnaires as may be requested by the Board from time to time, subject to the approval of the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(h) *Communications.* All reports required hereunder and all communications concerning this order (except appeals, and applications on Form WPB-3538) shall be addressed to the War Production Board, Building Materials Division, Washington 25, D. C., Reference L-205.

(i) *Violations.* Any person who willfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(j) *Exceptions and appeals*—(1) *Production under Priorities Regulation 25.* Any person who wants to manufacture more house trailers than permitted under paragraph (b) (1) (including a person who has not been permitted to make any house trailers), and any person who wants to manufacture expansible mobile houses not permitted by paragraph (b) (2), may apply for permission do so as explained in Priorities Regulation 25. A person who wants to make house trailers may still file an application to make them under paragraph (c) (1). The restrictions of this order on the use of material and on deliveries will apply to production of house trailers authorized under Priorities Regulation 25.

(2) *Appeals.* Any appeal by a manufacturer from the provisions of this order other than the restrictions of paragraphs (b) (1) and (b) (2) should be filed on Form WPB-1477 with the Field Office of the War Production Board for the district in which is located the plant of the appellant to which the appeal relates. An appeal from any action taken by the War Production Board on an application filed on Form WPB-3538 pursuant to paragraph (e) of this order may be filed by letter in triplicate with the Field Office of the War Production Board where the original application was filed. No appeal should be filed from the restrictions of paragraphs (b) (1) or (b) (2).

(k) *Definitions.* For the purpose of this order:

(1) "House trailer" means a portable shelter designed and constructed to be used as a human habitation and to be towed or transported on wheels without being dismantled or substantially changed in form. "House trailer" does not include an "expansible mobile house".

propriate in the public interest and to promote the national defense:

§ 3288.41 *General Limitation Order L-173*—(a) *Definitions*. For the purpose of this order, "floor or wall furnaces" means any device (except electric) for the direct heating of the space in and adjacent to that in which the device is located, designed for use without heat distribution ducts or pipes as integral parts of such heating devices. "Floor and wall furnaces" does not include direct fired gas unit heaters or any domestic heating stoves as defined in Limitation Order L-23-c.

(b) *General restrictions*. (1) No person shall produce any floor or wall furnaces except:

(i) For delivery to or for the account of the Army, Navy, Maritime Commission or War Shipping Administration; or

(ii) As authorized by the War Production Board on Form GA-1850.

(2) The restrictions of paragraph (b) (1) do not apply to the production of repair and replacement parts. However, no person shall produce repair or replacement parts in excess of the quantity required to maintain a minimum practicable working inventory.

(3) A person wishing to produce floor or wall furnaces which will not be delivered to or for the account of the Army, Navy, Maritime Commission or War Shipping Administration should apply for authorization by letter addressed to the War Production Board, Plumbing and Heating Division, Washington 25, D. C., Ref: L-173. This letter should state the proposed production in units per quarter. Where the applicant will need controlled materials in order to produce the equipment, the letter requesting authorization should be accompanied by an application on Form CMP-4B for the controlled materials.

(4) A limited production will be authorized on these applications, but only where the applicant's proposed use of labor will not interfere with local and inter-regional recruitment of labor. This production is in addition to the production of repair and replacement parts and of equipment to be delivered to or for the account of the Army, Navy, Maritime Commission or War Shipping Administration.

(c) *Reports*. (1) Manufacturers of floor and wall furnaces shall report on or before the tenth day of each month on Form WPB-3316, following the instructions on the Form. This reporting requirement has been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(d) *Exceptions and appeals*—(1) *Production under Priorities Regulation 25*. Any person who wants to manufacture, fabricate or assemble more floor or wall furnaces than he has been authorized

to make on Form GA-1850 (including a person who has no authorization) may apply for permission to do so as explained in Priorities Regulation 25. He may still, of course, apply for authorization under paragraph (b) (3) if he desires.

(2) *Appeals*. Any appeal from the provisions of this order, other than the restrictions of paragraph (b) (1), should be filed on Form WPB-1477 with the field office of the War Production Board for the district in which is located the plant or branch of the appellant to which the appeal relates. No appeal should be filed from the restrictions of paragraph (b) (1).

(e) *Applicability of regulations*. All persons and transactions affected by this order are subject to all applicable provisions of the regulations of the War Production Board, as amended from time to time.

(f) *Communications*. All communications concerning this order, except appeals, shall, unless otherwise directed, be addressed to the War Production Board, Plumbing and Heating Division, Washington 25, D. C., Ref: L-173.

(g) *Violations*. Any person who willfully violates any provision of this order, or who, in connection with this order willfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

CORDAGE FIBER, CORDAGE YARN AND CORDAGE

Section 3290.231 *General Conservation Order M-84* is amended as follows:

1. Subparagraph (ii) of paragraph (a) (1) shall read:

(ii) To fill orders placed by or for the account of any United States Government agency having in effect a plan approved by the War Production Board, to screen its orders and requisitions for rope and to eliminate unnecessary end uses of rope manufactured from critical fibers. Only the Army, Navy, and Maritime Commission now have such approved

plans in effect. The Army and Navy approved plans require that orders for their account for rope made in whole or in part from Manila or agave, shall be approved by the War Production Board, and therefore no processor shall accept any such order unless the acceptance is approved by the War Production Board on application from or on behalf of the processor: Application may be made by the processor or on his behalf by letter or telegram addressed to the War Production Board, Cordage Branch, Washington 25, D. C., stating government contract and item number, quantity and kind of fiber required, and the size of the rope to be made. The War Production Board will consult with the Service or agency involved and approve applications if the proposed end use of the rope, in view of current supplies, justifies the use of the fiber.

2. In paragraph (c) (2), delete present subparagraph (iv), and substitute "(iv) Purse lines", to be immediately followed by a new paragraph, "Any processor may, however, elect at his own option to include American hemp line fiber as an extender in the manufacture of any of the rope products listed in paragraph (c) (2) (i), (ii), (iii), (iv), above."

[RMPPR 506,¹ incl. Amdts. 1-2]

MAXIMUM PRICES FOR STAPLE WORK GLOVES

This compilation of Revised Maximum Price Regulation 506 includes Amendment 2, effective September 1, 1944. The text added or amended by Amendment 2 is underscored. The prices in Tables I through 12 of Appendix A and Tables I and II of Appendix B are amended by Amendment 2.

A statement of the considerations involved in the issuance of this Revised Maximum Price Regulation No. 506 has been issued simultaneously herewith and filed with the Division of the Federal Register.* In the judgment of the Price Administrator the maximum prices established by this regulation are and will be generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942, as amended. Such specifications and standards as are used in this regulation were, prior to such use, in general use in the trade or industry affected.

§ 1389.604 *Maximum prices for staple work gloves.* Under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders No. 9250 and No. 9328, Revised Maximum Price Regulation No. 506 (Maximum Prices for Staple Work Gloves) which is annexed hereto, and made a part hereof, is hereby issued.

SECTION 1. *Scope of this regulation.*—
(a) *Kinds of work gloves covered.* The specified staple work gloves covered by this regulation are work gloves of the following kinds:

- (1) Single thickness canton flannel gloves.
- (2) Canton flannel gloves with double thickness palm.
- (3) Fully-lined canton flannel gloves.
- (4) Two-thumbed canton flannel gloves.
- (5) Jersey gloves.
- (6) Combination leather and canton flannel or jersey gloves. However, grain leather palm gloves are not covered by this regulation.

For the purposes of this regulation (except Appendix A) "gloves" means both gloves and mittens.

(b) *Kinds of sales covered.* This regulation applies to all sales including sales at retail, sales at wholesale and sales by manufacturers. These kinds of sales are defined as follows:

(1) *Sales at retail.* All sales to individual consumers are "sales at retail." Such sales may, of course, be made by someone who is primarily a wholesaler or a manufacturer.

Sales to industrial, commercial, governmental, and charitable institutions which do not resell are also considered "sales at retail" if made by a person who sells principally to individual consumers, and only incidentally to institutions of these kinds. If not made by such a person, sales to these institutions are considered sales at wholesale or sales by manufacturers.

(2) *Sales at wholesale.* A sale at wholesale is any sale which is neither a sale at retail as explained in (1) nor a sale by a manufacturer as explained in (3). For example, a sale by a jobber, who buys work gloves from a manufacturer and resells them to a retailer or to an industrial user, is a sale at wholesale. Sales from jobber to jobber, and from retailer to retailer are also sales at wholesale, but are called "special sales", as explained in section 3.

(3) *Sales by a manufacturer.* A sale by a manufacturer is a sale of work gloves by a person:

- (i) Who fabricated the gloves sold; or
- (ii) Who sold or consigned to the fabricator of the gloves any of the principal materials from which they were made; or

(iii) Whose business is under the same ownership or control as the person who fabricated the gloves.

(c) *Where this regulation applies.* This regulation covers sales in the 48 states and the District of Columbia.

SEC. 2. *How to find retail ceiling prices.* Ceiling prices for sales at retail are listed in the tables in Appendix B. Two tables of ceiling prices are provided. Table I

lists retail ceiling prices for gloves purchased from a wholesaler (the term "wholesaler" is defined in section 3 (a)). Table II lists retail ceiling prices for gloves purchased direct from the manufacturer.

The ceiling prices in the tables are not given by the kind of glove, but by the supplier's net ceiling price. The tables show the retail ceiling price which corresponds to each different supplier's net ceiling price. Before using the tables, the retailer must find his supplier's net ceiling price according to the instructions given below. Retailers should also pay particular attention to section 6 (Marking of gloves).

[Above paragraphs amended by Am. 2, effective 9-1-44]

(a) *Where retailer does not know the supplier's ceiling price.* If the retailer does not know the ceiling price of the manufacturer or wholesaler who supplies him, he may inquire of the supplier, who is required to disclose his ceiling price. Moreover, if the gloves to be priced are those specified in Appendix A, the retailer can find the ceiling prices for manufacturers in column (a) of the tables in Appendix A, and the ceiling prices for wholesalers in column (b) of these tables.

(b) *Where retailer's suppliers have different ceiling prices.* Some manufacturers have two ceiling prices for the same number—a Group I ceiling and a Group II ceiling. If the retailer pays the Group I ceiling price (or less), he takes that ceiling to figure his retail price; but if he pays the manufacturer a higher price, he takes the Group II ceiling. If, however, he buys gloves with the identical manufacturer's lot number or brand name at different prices, making one purchase at or below the Group I ceiling and another above, he must use the Group I ceiling to figure his retail price on all gloves of this lot number or brand name. Moreover, if he buys gloves with the identical manufacturer's lot number or brand name from a wholesaler and also from the manufacturer, he must use Table II in determining his retail ceiling price, and must take the manufacturers' ceiling, not the wholesalers' ceiling, to figure his retail ceiling for this number.

Example. Retailer B buys work gloves of lot No. 903, manufactured by the X Company for \$1.55 per dozen, which is the manufacturer's ceiling. Later he gets more gloves of lot No. 903 from a wholesaler who charges him \$1.85 per dozen, the wholesaler's ceiling.

In figuring his retail ceiling for work gloves of this lot number, B takes \$1.55 as his supplier's ceiling price. In Table II of Appendix

B, he finds \$0.17 per pair as his ceiling price for this lot number (not \$0.21).

[Paragraph (b) amended by Am. 2, effective 9-1-44]

(c) *Where gloves are bought at a "special sale".* Sales which are neither sales by a manufacturer nor "regular sales" at wholesale are called "special sales". These include sales by retailers to retailers, sales by brokers, commission merchant, job-lot dealers or like persons and sales of other types. (The difference between "regular" and "special" sales is more fully explained in section 3.)

If the retailer has bought a glove at a "special sale", he does not figure his ceiling price by taking the price of his own supplier. Instead, he takes the ceiling price of the supplier of the person who made the "special sale". If a succession of special sales has been made, he takes the ceiling price of the supplier of the person who made the first of these special sales. Thus, the retail ceiling price of a pair of gloves is the same as if the retailer had bought directly from the original supplier, without any special sale intervening.

Example 1. C, a retail chain, buys one dozen 8 oz. canton flannel gloves from a manufacturer at \$1.55, which is the manufacturer's ceiling. C sells them to D, another retail chain at \$1.60 (which is equal to C's cost plus freight actually paid by him).

In figuring his retail ceiling D assumes his supplier's ceiling to be \$1.55 (the ceiling of C's supplier) not \$1.60 (the price D actually paid). Accordingly, from Table II in Appendix B, D finds a retail ceiling of \$0.17 per pair.

Example 2. E, an independent retailer, buys one dozen 18 oz. double palm cotton flannel gloves from a wholesaler at \$2.85 (the jobber's ceiling). He decides to liquidate and sells them to an auctioneer for \$2.50 a dozen. The auctioneer resells them to F, another retailer, for \$2.90 (this being the price paid by E, plus transportation charges incurred by the auctioneer).

In figuring his retail ceiling F takes \$2.85 as his supplier's ceiling, so that his retail ceiling, found from Table I in Appendix B, is \$0.32 (not \$0.33).

[Examples 1 and 2 amended by Am. 2, effective 9-1-44]

(d) *Where a retail sale is made by manufacturer.* Where a sale at retail is made by a manufacturer, the retail ceiling is found from Table II in Appendix B. But since the manufacturer has no "supplier," he takes the Group I manufacturers' ceiling for these gloves (found in column (a) of the tables in Appendix A) and uses this as his "supplier's ceiling price."

[Paragraph (d) amended by Am. 2, effective 9-1-44]

SEC. 3. How to find wholesale ceiling prices. Under this regulation, there are two kinds of sales at wholesale. They are called "regular sales" and "special sales", and are explained in this section.

No. 177—7

Different methods of pricing are provided for these two kinds of sales.

(a) *Regular sales at wholesale.*—(1) *What is a regular sale.* A "regular sale" is a sale by a wholesaler to a person who sells principally at retail or is an industrial user, and whose business is not under the same ownership and control as the seller's.

A "wholesaler" is a person or business organization to which all the following statements apply:

(i) It sells goods to retailers in general, and not primarily to a single retailer, or to a group of retailers which are under common ownership.

(ii) It buys and sells goods in "wholesale quantities", as understood in the trade, and sells through traveling salesmen or circulated catalogs.

(iii) It carries at all times at its principal place of business a representative stock of work gloves, and makes at least 50% of its work glove deliveries from stock (as opposed to drop shipments).

(iv) It is not under the same ownership or control as the person who fabricates the work gloves which it sells.

(v) It extends credit, and carries its own accounts. It may, of course, entrust or assign its delinquent accounts to others for collection.

(vi) It is not (a) a buying office or other agency representing retailers, (b) a stock-carrying affiliate of retailers, (c) a central office or warehouse for stores which are commonly owned or controlled, (d) a drop shipper, (e) a broker, (f) a commission-merchant, (g) a selling-agent, or (h) a job-lot dealer.

A person who wishes to qualify as a "wholesaler" but was not such a wholesaler in 1942, must, before making any sales at ceilings for regular sales at wholesale, send a statement by registered mail to the Office of Price Administration ("Men's Clothing Section"), Washington 25, D. C. The statement must give the "wholesaler's" name and address, and the date on which he commenced business as a wholesaler.

(2) *Ceiling prices for "regular sales".* For the work gloves specified in Appendix A, ceiling prices for regular sales at wholesale are those stated in column (b) of the tables in that Appendix.

For work gloves not specifically priced in Appendix A and which a wholesaler had in stock on the effective date of this regulation, the ceiling prices for regular sales at wholesale are those established under the prior applicable price regulation (either the General Maximum Price Regulation² or Maximum Price Regulation 210³).

In some cases, the Office of Price Administration may establish by individual order manufacturers' ceiling prices for work gloves not specifically priced in Appendix A. The individual order will also establish ceiling prices for regular sales at wholesale of these gloves and

will require the manufacturer to notify the wholesaler of his maximum resale prices.

(b) *Special sales.* Sales at wholesale which are not "regular sales" as explained in paragraph (a) are "special sales". They include (but are not confined to) sales by wholesalers to wholesalers, sales by retailers to retailers, and all sales by brokers, commission merchants, job-lot dealers, and like persons.

(1) *Ceiling prices for special sales.* The ceiling prices for a "special sale" is the net price actually paid by the seller (not exceeding the ceiling price), plus any charges for transportation actually paid by him. Moreover, any person who buys at a special sale and resells at another special sale must figure his ceiling price by taking the price paid by the seller in the first special sale.

Example 1. G, a large retailer, buys a dozen 8 oz. canton flannel gloves from a manufacturer at \$1.55 per dozen, the manufacturer's ceiling price, and pays \$0.10 per dozen for freight. He now wants to resell them to H, a second retailer.

G's ceiling price for this sale is \$1.65, his cost plus freight.

Example 2. L, a wholesaler, buys a dozen hot mill gloves from a manufacturer at \$3.65 per dozen, the manufacturer's ceiling price. L now liquidates and resells the gloves to auctioneer M for \$3.25 per dozen. Now M wants to resell the gloves to another wholesaler.

In figuring his price for this second special sale, M takes as his cost \$3.65 (the price paid by L) and adds freight paid by him. If M pays \$0.07 for freight, M's ceiling price is \$3.72.

[Examples 1 and 2 amended by Am. 2, effective 9-1-44]

(2) *Disclosure in special sales.* In any special sale, the seller must mark the bill or invoice with the words "special sale", and must disclose any information required by the provisions of section 7 (a).

SEC. 4. How to find manufacturers' ceiling prices.—(a) *Work gloves specified in Appendix A.* For the work gloves specified in Appendix A, ceiling prices for sales by manufacturers are those stated in column (a) of the tables in that Appendix. Column (a), however, states two manufacturers' ceiling prices for each glove specified—a Group I ceiling and a Group II ceiling. Some manufacturers must use the Group I ceiling only, some may use the Group II ceiling only, and some may use both, according to the rules stated in the following subparagraphs (1), (2), and (3).

(1) *How a manufacturer finds his "wholesale percentage".* (i) In order to find what proportion of his sales must be made at Group I prices, a manufacturer must find the percent of his 1941 deliveries which were made at wholesale prices. This is called the manufacturer's "wholesale percentage". A "wholesale price" means (a) any price at or below which a manufacturer, during

1941, normally supplied wholesalers, or any other large volume purchaser (e. g., chain stores and mail order houses) commonly known or regarded as "wholesale trade"; (b) any price at which industrial users or other purchasers (e. g., independent retailers) were supplied during 1941, if, during this period, the manufacturer's price to them was no higher than his price to "wholesale trade"; (c) any price during 1941 at which a manufacturer, who did not sell to "wholesale trade" during this period, normally supplied industrial users or other purchasers, if this price was no higher than the prices at which manufacturers supplying "wholesale trade" sold to such trade during 1941. In determining whether certain sales were made at "wholesale prices," allowance must be made for differences in gloves sold.

Example 1. During 1941, W, a work glove manufacturer, supplied only wholesalers, chain stores, and mail order houses. For the purposes of this regulation, all of the prices at which W sold these purchasers are "wholesale prices."

Example 2. During 1941, Y, a work glove manufacturer, supplied only wholesalers and industrial users. He sold the same gloves to both types of purchasers at the same prices. For the purposes of this regulation, all of the prices at which Y sold these purchasers are "wholesale prices."

Example 3. During 1941, Z, a work glove manufacturer, supplied only wholesalers and independent retailers. He sold the same gloves to independent retailers as he sold to wholesalers, but at higher prices. Only the prices at which Z sold to wholesalers are "wholesale prices."

Example 4. During 1941, V, a work glove manufacturer, supplied wholesalers and independent retailers. He sold a number to wholesalers at \$4.75 a dozen. He also sold to independent retailers at \$5.00 a dozen, a number which was similar except for an extra feature that was worth 25¢ a dozen. Both the \$4.75 and the \$5.00 sales would be considered sales at "wholesale prices."

(ii) A manufacturer will figure his "wholesale percentage" as follows:

(a) Find the number of dozens of staple work gloves covered by this regulation delivered to all purchasers in 1941.

(b) Find the number of these which were delivered at wholesale prices.

(c) Divide the number delivered at wholesale prices by the total of all deliveries (divide (b) by (a)). The resulting figure, expressed as a percent, is the manufacturer's "wholesale percentage."

Example 1. P, a work glove manufacturer, delivered 10,000 dozen staple work gloves in 1941. All these were delivered at prices generally charged to independent retailers, and none at "wholesale prices."

P's "wholesale percentage" is zero.

Example 2. R, a work glove manufacturer, delivered 100,000 dozen staple work gloves in 1941. All these deliveries were made to volume purchasers including jobbers, chain stores and industrial users and none were delivered at higher prices.

R's "wholesale percentage" is 100%.

Example 3. S, a work glove manufacturer, delivered 50,000 dozen staple work gloves in 1941. 20,000 of these were delivered to his volume trade at "wholesale prices", and 30,000 to independent retailers at higher prices.

S's "wholesale percentage" is 40% (20,000 divided by 50,000).

(2) **How a manufacturer uses his wholesale percentage.** Each manufacturer who delivered staple work gloves at "wholesale prices" in 1941 must, during the remainder of 1944 and each subsequent calendar year, make a certain quota of his deliveries of staple work gloves at Group I prices. This quota is that percentage of his total annual deliveries which is equal to his "wholesale percentage" (found under (1)). For example, if a manufacturer's "wholesale percentage" is 40%, and he delivers 300,000 dozen staple work gloves during the remainder of 1944, 120,000 dozen must be delivered at Group I prices. If, at the end of a year, a manufacturer fails to meet his quota, he has exceeded his ceiling prices to the extent of the deficiency, and will be liable to civil and criminal penalties accordingly. In calculating the annual quota of deliveries which must be made at Group I prices, follow these instructions:

(i) **What deliveries are counted in finding the quota.** In figuring the quota of deliveries which must be made at Group I prices in 1944, the manufacturer takes all deliveries made from May 16, 1944, to December 31, 1944, inclusive. In any subsequent year, all deliveries for the entire calendar year will be included.

Example 1. In 1941 the ABC Company sold 70% of its staple work gloves at "wholesale prices" and 30% at higher prices. Its "wholesale percentage" is 70%. From May 16, 1944, to December 31, 1944, its anticipated deliveries of work gloves are 250,000 dozen.

The ABC Company will determine its obligation as follows:

	Dozen
Anticipated deliveries.....	250,000
Quota to be delivered at Group I prices (70% of 250,000).....	175,000
Remainder which may be sold at Group II prices.....	75,000

For convenience in meeting the quota of deliveries which must be made at Group I prices, it is suggested that a manufacturer keep a current record of deliveries at Group I and Group II prices made after May 16, 1944, in this form:

Date	Number of dozens delivered at Group I prices	Number of dozens delivered at Group II prices	Total number of dozens delivered

At periodic intervals (e. g., at the end of each month), the manufacturer should total deliveries at Group I prices and all deliveries. He should then divide the former total by the latter. If the proportion of deliveries at Group I prices is below his wholesale percentage, it would be advisable for him to ship only at his Group I ceilings until the proportion of deliveries at Group I prices equals the wholesale percentage. This procedure should be repeated for subsequent periods, until the end of the year.

Example 2. In 1941 the X Company sold all of its staple work gloves at "wholesale prices". Its "wholesale percentage" is thus 100%. In 1944, all of its deliveries must be made at Group I prices.

Example 3. In 1941 the Z Company sold none of its staple work gloves at "wholesale prices". Its "wholesale percentage" is thus zero. In 1944, all of its deliveries may be made at Group II prices.

(ii) **Sales to particular purchasers not required.** A manufacturer who may make deliveries at Group II prices may make these deliveries to any class of purchaser. Likewise, a manufacturer may make deliveries at Group I prices to any class of purchaser. Moreover, a manufacturer who delivers the required proportion of his work gloves at Group I prices may deliver as many more at Group I prices as he wishes.

(iii) **Calculating and filing the "wholesale percentage."** Every manufacturer of staple work gloves must keep available for inspection by the Office of Price Administration the records and the tabulation or work sheets which he used in figuring his "wholesale percentage". He is also required to file a statement of his wholesale percentage, as provided in section 8 (c) (2).

(3) **Inability to calculate a wholesale percentage.** Any manufacturer who sells staple work gloves but did not do so in 1941, or who, because of other reasons, is unable to determine a wholesale percentage, must apply to the Office of Price Administration (Men's Clothing Section), Washington 25, D. C., for the authorization of a "wholesale percentage."

This application must set forth: (i) the manufacturer's name and address; (ii) the date when he commenced business; and (iii) the total number of dozens of staple work gloves delivered to each class of purchaser during the first 12 months of business, or, if the manufacturer does not have one year's experience, during such other portion of time as he has been in business. Until this authorization is granted the manufacturer must make all deliveries at or below Group I ceiling prices.

[Subparagraph (3) amended by Am. 2, effective 9-1-44]

(b) **Other work gloves covered by this regulation.** For work gloves covered by this regulation but not specified in Appendix A, a manufacturer's ceiling prices are those authorized by the Office of Price Administration, on application by the manufacturer.

An application for the fixing of a ceiling price must be filed with the Office of Price Administration (Men's Clothing Section) Washington 25, D. C. The application must contain information in the detail indicated by the suggested form in Appendix C, and must be accompanied by a sample of the glove.

Pending action on such an application a person must not sell or deliver the glove except in accordance with the provisions of section 10 (b) (Adjustable pricing agreements).

SEC. 5. When taxes may be added. When a tax on a particular sale or delivery is imposed by a statute or ordinance which permits stating the tax separately from the price, the tax may be separately charged or collected in addition to the ceiling price. This applies

only to sales taxes, gross receipt or gross proceeds taxes, and compensating use taxes, and does not apply to any tax imposed on a prior sale or delivery.

SEC. 6. Marking of gloves—(a) Marking required at retail. Every person is forbidden to sell or offer to sell at retail or display in a retail store any pair of staple work gloves which is not marked as required by this section. If any part of the required marking has not been performed by the manufacturer, it must be supplied by the retailer.

(1) On and after June 21, 1944, the marking must show the retail ceiling price.

(2) On and after September 15, 1944, the marking must show, in addition to the retail ceiling price, the manufacturer's lot number or brand name for the glove and a statement of defects (if any).

(b) Marking and information required of manufacturers. Every manufacturer is forbidden to deliver any pair of work gloves which is put into the proc-

ess of manufacture on or after August 6, 1944, unless it contains markings showing the manufacturer's lot number or brand name for the glove, and a statement of defects (if any). Moreover, each manufacturer must supply each retail purchaser with a list of retail ceiling prices for staple work gloves supplied him. If the gloves are distributed through wholesalers, the manufacturer must supply the wholesaler who in turn must supply each retailer. This list must be forwarded by the manufacturer or wholesaler not later than the first invoicing or billing of any pair of staple work gloves covered by this regulation, or before June 6, 1944 (whichever is later). The manufacturer or wholesaler must keep this list up to date thereafter by sending supplemental lists to each retailer at the time of shipment of any new numbers subsequently sold. The list must be in substantially the following form:

[Paragraphs (a) and (b) amended by Am. 1, 9 F.R. 6239, effective 6-6-44]

RETAIL CEILING PRICE LIST

NOTICE: Each pair of gloves must be marked with the ceiling price. A pair of gloves must not be sold above the ceiling price, but may be sold for less. This list must be promptly displayed to any person on request during regular business hours.

¹ The gloves may be identified by trade-mark, or by manufacturer's or distributor's name.

² In appropriate cases, the list would be entitled "for work gloves bought from wholesalers" or "for work gloves bought from manufacturers at Group II prices".

³ The number of the table, and the place in the table where the glove is described in Appendix A of RMFR 506. If the glove is not specified in Appendix A, write "none".

(c) Elements of marking. The elements required to be marked are explained in this paragraph.

(1) **Lot number or brand name.** The lot number or brand name must be different for each pair of gloves having a different manufacturer's ceiling price.

(2) **Ceiling price.** This must be the correct ceiling price for the circumstances in which the pair of gloves is offered for sale at retail.

(3) **Defects, if any.** If the pair of gloves is a "second" or imperfect, it must be so marked.

(d) **Manner of marking.** The required markings must be attached to at least one glove of each pair. The required marking must be attached by stitching, adhesive, pins or staples, or stamped on the glove itself, except where some other method is authorized. The required markings may be in one or more parts, and may be accompanied by other information, but all portions must be clearly visible to the purchaser.

EXAMPLE OF MARKING

LOT NO. 903
RETAIL CEILING 17¢

(e) Exceptions to marking requirements. (1) Industrial users need not attach the markings required by this section to any gloves which they sell to their employees at or below the net prices actually paid by the industrial user plus any charges for transportation actually paid by him. On all other sales by industrial users to their employees the industrial user is required to mark only the retail ceiling price.

(2) On sales and deliveries by manufacturers to industrial users it is not necessary to attach the required markings to each pair of gloves. In such cases, the seller may place the required markings on the package, wrapper or other container in which the gloves are packed.

[Paragraph (e) added by Am. 1, 9 F.R. 6239, effective 6-6-44]

(3) In the case of sales at retail which are based on orders received by mail pursuant to a mail order catalog, the retail seller need not mark each pair of gloves, as required by section 6 (a), if he forwards with the gloves a sales memo-

randum stating the retail purchase price (not exceeding the ceiling price), and the identity of the gloves.

[Subparagraph (3) added by Am. 2, effective 9-1-44]

SEC. 7. Disclosure—(a) Description of gloves. Any person who has sold for resale any staple work gloves may be required to supply any subsequent buyer with any information needed by him for the marking and pricing of these gloves. This information must be furnished in writing promptly upon receipt of a written request from the buyer. Unless he has reason to believe it is erroneous, the buyer may rely on the information so furnished. If the buyer does have reason to believe the information is erroneous, he may nevertheless act on it, providing he immediately sends to a district or state office of the Office of Price Administration a statement of the circumstances and a request for a determination of the facts.

(b) **Sales slips and receipts.** Any seller who has customarily given a purchaser a sales slip, receipt or similar evidence of purchase must continue to do so. Upon request from a purchaser any seller, regardless of previous custom, must give the purchaser a receipt showing the date, the name and address of the seller, the type of gloves sold, and the price received for it.

(c) **Retail ceiling price list.** Any retailer who has received from his supplier a "retail ceiling price list" must display it promptly to any person who requests to see it during regular business hours. If the retailer sells through more than one department or selling establishment, a copy of the list must be made available in each separate unit where staple work gloves are sold.

(d) **Invoices.** Every manufacturer selling staple work gloves and every person selling these gloves at wholesale, must give the purchaser an invoice showing: (1) the name and address of the purchaser; (2) the manufacturer's lot number or brand name for each different pair of gloves sold; (3) a description of each pair of gloves bearing a different lot number or brand name, similar to the description in Appendix A, or some identifying reference to the description set forth in the "retail ceiling price list" (described in section 6 (b)) previously supplied the same purchaser for the same lot number or brand name; (4) the quantity sold and the selling price of each different lot number or brand name; and (5) the terms of sale (e. g., 2/20 net 40, freight prepaid to city of destination).

[Item (3) amended by Am. 1, 9 F.R. 6239, effective 6-6-44]

SEC. 8. Records and reports—(a) Records to be kept by retailers. Every person who sells staple work gloves governed by this regulation at retail must keep the following records, and make them available on request, to the Office of Price Administration.

(1) Invoices and other documents received by the seller showing costs, descriptions and sources of work gloves sold by him.

(2) Such records as he has customarily kept showing prices charged by him for work gloves sold at retail.

(b) *Records to be kept and filed by persons selling at wholesale.* Every person who sells work gloves covered by this regulation at wholesale must keep the following records, and make them available on request to the Office of Price Administration:

(1) Invoices and other documents received by the seller showing costs, descriptions and sources of work gloves sold by him.

(2) Copies of invoices and other documents showing prices and identification by name, trademark, lot number, etc., of work gloves sold by him at wholesale.

Moreover, every person who wishes to qualify as a "wholesaler" under section 3 (a) (1), but was not such a wholesaler in 1942, must file the statement therein described before making any sales at ceilings for regular sales at wholesale.

(c) *Records to be prepared, kept, and filed by manufacturers—(1) Price list.* Every manufacturer of staple work gloves must prepare a list of all staple work glove items which he delivers on or after May 16, 1944. This list must show the lot number of each such work glove, and, following each lot number, a description of the glove and the manufacturer's ceiling price. If the lot number is sold at Group I prices, the list must show whether it is sold to retailers or to wholesalers or to both. The description, like the descriptions in Appendix A, should specify cut or pattern, weight, and kind of materials used, thickness of glove, type of wrist, additional features (if any), and size classification. This record must be prepared on or before June 6, 1944, and must be kept up to date thereafter by adding any new numbers or any changes in the description of old numbers. This list must be kept and made available on request to the Office of Price Administration, but need not be filed.

(2) *Records and statement of wholesale percentage.* Every manufacturer of staple work gloves must keep the records and work sheets from which he found his "wholesale percentage" as provided in section 4 (a) (1). These records must include a list showing: (i) each lot number of staple work gloves covered by this regulation delivered during 1941; (ii) a description of each such number, in detail similar to descriptions in Appendix A; (iii) each class of purchaser (e. g., jobbers, chain stores, mail order houses, industrial users, independent retailers) to which each number was delivered; (iv) the quantity (in dozens) delivered to each class of purchaser, and (v) the prices at which delivery was made to each class of purchaser. The records required by this subparagraph must be prepared on or before June 6, 1944, and thereafter must be kept and made available on request to the Office of Price Administration. Further, the manufacturer must file with the Office of Price Administration (Men's Clothing Section) Washington 25, D. C., on or before June 6, 1944, a statement showing the total number of dozens of staple work gloves delivered by him in 1941,

and the number delivered at wholesale prices.

SEC. 9. Excessive prices forbidden. On and after the effective date of this regulation, the following practices are forbidden regardless of any contract or other obligation:

(a) *Charging more than ceiling price.* Every person is forbidden to sell or deliver any staple work gloves at a price higher than the ceiling price set by this regulation. A lower price may, of course, be charged.

(b) *Buying for more than the ceiling price.* Every person is forbidden to buy or receive any staple work gloves, in the course of trade or business, at a price higher than the price set by this regulation.

(c) *Combination sales.* Every person is forbidden to require any purchaser to buy or agree to buy any other article, service, package or wrapper, in connection with the sale or delivery of any staple work gloves. But any seller may refuse to sell less than a minimum quantity of any one style number, if this minimum has been customary for the seller.

(d) *Indirect price increases.* Every person is forbidden to do any other act which directly or indirectly increases above the ceiling price the consideration paid by the purchaser for any staple work gloves. Any practice which is a device to secure the effect of a higher than ceiling price is as much a violation as outright raising of the ceiling price. This applies to devices making use of commissions, services, transportation charges, premiums, taxes, special provisions, tying agreements, trade understandings and all similar practices.

(e) *Indirect violations.* Every person is forbidden to offer, attempt or agree to do any of the acts forbidden by this section.

(f) *Stating prices above the ceiling price.* Every person is forbidden to state a gross price above the ceiling price, except where the seller customarily allows a percentage discount on all sales to one or more classes of customers. To customers of these classes, a seller may state a price which gives the net ceiling price after deducting the percentage discount. Wherever such a gross price is stated, the seller must also state expressly the discount allowed, the net ceiling price and the retail ceiling price. The amount actually collected or paid must never exceed the net ceiling price.

Example. X, a wholesaler, customarily grants terms of 2% 10 days to all its customers. In selling gloves with a ceiling of \$1.85 per dozen, it may prepare the invoice as follows:

Terms: 2% 10 days

Lot No.	Quantity	Description	Price	Amount
903	Dor. 50	Men's 8 oz. single thickness canton flannel gloves, knit wrist, \$1.85 per dozen. Retail ceiling price 21¢ per pair.	\$1.887	\$94.35

[Example amended by Am. 1, 9 F.R. 6239, effective 6-6-44 and Am. 2, effective 9-1-44]

SEC. 10. Adjustable pricing agreements. Adjustable pricing agreements may be entered into notwithstanding the provisions of section 9, to the extent permitted by this section.

(a) *When regulation fixes a ceiling price.* In cases where this regulation fixes a ceiling price, a person may sell at that ceiling price, subject to an agreement with the buyer to charge a higher price if it becomes the legal ceiling price by the time of delivery. But one must never charge a price which is higher than the maximum price in effect at the time of delivery. Moreover, unless specifically authorized by the Office of Price Administration, a person must not deliver or agree to deliver at a price which is to be adjusted upward in accordance with action by the Office of Price Administration after delivery.

(b) *Where regulation does not fix a ceiling price.* In cases where a ceiling price is not fixed by the regulation, a person must not make any contract or sale unless the price is expressly subject to adjustment in accordance with any action which may be taken by the Office of Price Administration. Moreover, unless specifically authorized by the Office of Price Administration, a person must not make any delivery until a ceiling price has been fixed by the Office of Price Administration.

(c) *When specific authorization will be given.* Specific authorization to deliver or agree to deliver at a price which is to be adjusted in accordance with action by the Office of Price Administration after delivery will be given only where:

- (1) A request for the fixing or changing of a ceiling price has been filed; and
- (2) The authorization is necessary to promote distribution or production; and
- (3) It will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended.

This authorization may be given by the Administrator or by any other official of the Office of Price Administration to whom the power to grant such authorization has been delegated, and may be given by order, letter or telegram.

SEC. 11. Licensing and enforcement—

(a) *Licensing.* The provisions of Licensing Order No. 1,⁴ licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation. A seller's license may be suspended for violations of the license or this regulation. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

(b) *Penalties.* Any person who violates any provisions of this regulation is subject to the criminal penalties, civil enforcement actions, suits for treble damages, and proceedings for suspension of licenses provided by the Emergency Price Control Act of 1942, as amended.

SEC. 12. Relation to other regulations—

(a) *Regulations superseded.* The coverage of this regulation is stated in section 1. Where this regulation applies, it supersedes (except as indicated in sec-

⁴ 8 F.R. 13240.

tion 3 (a) (2), the provisions of the following regulations:

(1) General Maximum Price Regulation.
(2) Section 3.5 of Revised Supplementary Regulation No. 14 (formerly § 1499.73 (a) (37) of Amendment 49 to Supplementary Regulation 14).

(3) Maximum Price Regulation 210 (Retail and Wholesale Prices for Fall and Winter Seasonal Commodities).

(b) *Contractors' services.* This regulation does not apply to charges for contractors' services, which are governed by Maximum Price Regulation 172³ (Charges of Contractors in the Apparel Industry).

"Contractor" is defined in § 1389.52 of that regulation.

(c) *War procurement agencies.* This regulation does not apply to sales of work gloves made according to military specifications, when the sales are made to any war procurement agency as defined in Maximum Price Regulation 157³ (Sales and Fabrication of Textiles, Apparel and Related Articles for Military Purposes).

(d) *Export sales.* This regulation does not apply to export sales of work gloves. Such sales are covered by the Second Revised Maximum Export Price Regulation.⁷

(e) *Import sales.* The provisions of this regulation do not apply to deliveries made from points outside the 48 states and the District of Columbia. Such sales and deliveries are governed by the provisions of the Maximum Import Price Regulation.⁸ This regulation does, however, apply to domestic sales when the articles sold were originally imported.

SEC. 13. *How this regulation may be amended.* (a) Any person who seeks a modification of any provision of this regulation may file a petition for amendment of general applicability in accordance with Revised Procedural Regulation No. 1⁹ issued by the Office of Price Administration.

(b) Pending an amendment, a person must not sell or deliver work gloves at prices other than those fixed in the regulation except in accordance with the provisions of section 10 (Adjustable pricing agreements).

APPENDIX A—TABLES OF CEILING PRICES FOR SALES BY MANUFACTURERS AND SALES AT WHOLESALE

(a) *Instructions for manufacturers.* 1. In using the following tables, bear in mind the rules for pricing by manufacturers which are stated in section 4 (How to find manufacturers' ceiling prices).

2. Prices are stated in column (a), per dozen pair of gloves. On shipments weighing 100 pounds, or more, the seller must prepay or allow transportation costs to the city of destination. However, where such shipments are made at transportation rates

higher than freight rates, the seller is required to allow or prepay only that portion of the transportation cost which is equal to the freight cost on such shipments. On less than 100 pound shipments, the seller need not allow or prepay any transportation costs.

3. All prices are net 40 days, less 2% in 20 days. If the seller wishes, he may extend more favorable terms. But no seller may change these terms if the change would result under any circumstances in a higher net price.

(b) *Instructions for wholesalers.* 1. In using the following tables, bear in mind the rules for wholesale pricing in section 3 (How to find wholesale ceiling prices). Notice especially that these prices apply only to "regular sales", not to "special sales".

2. Prices are stated in column (b), per dozen pair of gloves, f. o. b. seller's place of business.

3. Terms for sales at wholesale are net 30 days. If the seller wishes, he may extend more favorable terms. But no seller may change these terms if the change would result under any circumstances in a higher net price.

NOTE.—The ceiling prices listed for manufacturers and wholesalers in the tables below apply to first quality gloves. The ceiling for a pair of work glove "seconds" is determined by dividing the appropriate dozen ceiling price in the tables for the same gloves of first quality by 12, and then multiplying the quotient by 75%.

APPENDIX B—TABLES OF CEILING PRICES FOR SALES AT RETAIL

Instructions. Ceiling prices for staple work gloves are not given by kind of glove but by the supplier's net ceiling price. This price must be found according to the rules in section 2 (How to find retail ceiling prices). Read this section before using the tables.

Two tables of retail ceiling prices are provided. You must use Table I to find the retail ceiling price for gloves purchased from a wholesaler. Table II must be used to find the retail ceiling price for gloves purchased direct from the manufacturer.

When you have found your supplier's net ceiling price, look in Column 1 of the appropriate table for the bracket in which this price belongs. Then look at the figure opposite in Column 2; this is your retail ceiling price per pair of gloves.

For example, suppose your supplier's net ceiling price is \$1.55, and that you purchased the gloves from the manufacturer. Your ceiling price will be found in Table II. Follow down Column 1 in Table II until you find the bracket \$1.49-1.57+. Opposite these figures, in Column 2, you find the retail ceiling of \$1.77. If your supplier's ceiling had been \$1.57½, your price would still be \$1.77, since \$1.57+ includes any fraction of a cent over \$1.57.

However, if you purchase gloves at a "special sale", you are not permitted to use these tables, but you must find your ceiling according to the rule given in section 2 (c).

MAXIMUM PRICES FOR SPECIFIED LOW PRICE-LINE GARMENTS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation 547 is amended in the following respects:

1. Section 1 is amended by inserting after the phrase "issued June 20, 1944," the following phrase: "and Maternity Dresses and Slips Program No. 1, issued July 11, 1944."

2. The text of paragraph (a) of section 2 is amended by designating it as subparagraph (1) and by adding thereto, after the examples which follow items 1 through 4, a new subparagraph (2) to read as follows:

Item	Sales by manufacturers (per dozen)	Sales other than by manufacturers and other than at retail (per dozen)	Sales at retail (per garment)	
			Garments purchased from persons other than manufacturers	Garments purchased from manufacturers
5. Maternity dresses (sizes 12-20).....	\$15.75 less 8%.....	\$16.75 net.....	\$2.00	\$1.89
6. Maternity slips (sizes 32-44).....	\$8.95 less 8%.....	\$9.50 net.....	1.15	1.05

For all items, the time limit for payment will be the seller's customary business practice to purchasers of the same class. Sales other than at retail are f. o. b. point of shipment.

Examples: 1. A retailer purchases maternity slips from a manufacturer at \$8.95 per dozen less 8%. His ceiling price for a sale at retail is \$1.05 each.

*Copies may be obtained from the Office of Price Administration.

4. A wholesaler purchases maternity dresses from another wholesaler at \$16.75 net. He now wishes to sell to a retailer. His ceiling price is \$16.75 net, the same as his cost.

5. A manufacturer's ceiling price for a sale of maternity dresses to a retailer or a wholesaler is \$15.75 per dozen less 8%.

3. Section 9 (a) (2) is amended by inserting after the phrase "June 20, 1944," the phrase "and July 11, 1944."

PART 1407—RATIONING OF FOOD AND FOOD PRODUCTS

[Rev. RO 16,¹ Amdt. 21]

MEAT, FATS, FISH AND CHEESES

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Section 7.6 (1) is added to read as follows:

(1) *Allotments for industrial users of pork having a point value.* An industrial user who, during the third quarter of his base period, used pork which on August 13, 1944 has a point value (other than zero) may apply for an allotment covering such pork. The application shall be made before September 11, 1944 on OPA Form R-315, to the board or district office with which he is registered, and must estimate the number of pounds of such pork, separately for each item (as listed in section A of the Official Table of Trade Point Values—No. 17-18) which he used during the third quarter of his base period. The board or district office may grant the application if it finds that the industrial user, during the third quarter of his base period, used pork which has a point value other than zero on August 13, 1944. The amount of his allotment shall be computed in the following way:

(1) The number of pounds of each such item of pork which he used during the third quarter of his base period is multiplied by the point value in effect for that item on August 13, 1944 as shown on the Official Table of Trade Point Values (No. 17-18);

(2) The resulting figures are added together and multiplied by 0.35.

The result represents his allotment for the third allotment period of 1944 for pork having a point value on August 13, 1944. (Section 7.6 (d) applies in determining whether an industrial user who receives an allotment under this paragraph is entitled to a certificate, and in determining the amount of the certificate.) If the application is made on or after September 11, 1944, the allotment shall be reduced five percent for each day which has elapsed since September 10, 1944.

This amendment shall become effective September 7, 1944.

NOTE: All reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

has been issued and filed with the Division of the Federal Register.*

Maximum Price Regulation No. 426 is amended in the following respects:

1. The first three paragraphs of the preamble to Maximum Price Regulation No. 426 are revoked.

2. In section 1 (e), the last two sentences are revoked.

3. In section 1 (f) (1) the sentence, "The ceiling price for carlot or trucklot sales at a particular wholesale receiving point is the same regardless of the number and type of prior handlers, regardless of the seller's size or type of operations, and regardless of the purchaser's size or type of operations," and the last undesignated paragraph are revoked.

4. Section 1 (f) (2) is amended to read as follows:

(2) *Less than carlot or trucklot sales in the market.* A ceiling price is established for less than carlot or trucklot sales at wholesale receiving points.

5. Section 1 (f) (4) is revoked.

6. Section 2 is amended to read as follows:

SEC. 2. *Sales of imported fresh fruits and vegetables.* Unless otherwise specifically provided, the maximum price per unit at any wholesale receiving point for each unit of a particular kind of fresh fruit or vegetable (standard container, other container or pound) imported from any country, possession or territory, shall be the maximum price per unit for sales delivered to that wholesale receiving point for the most closely similar variety of the same kind of do-

*Copies may be obtained from the Office of Price Administration.

mestic fresh fruit or vegetable applicable to the particular seller.

In determining the maximum price applicable, an importer (the person who makes the first sale of the particular goods being priced in the United States) shall price as if he were a grower or country shipper with respect to commodities covered by Appendices H and I, a grower-distributor with respect to commodities covered by Appendix J, and a shipping point distributor with respect to commodities covered by Appendix K.

7. Section 8 (a) (7) is amended to read as follows:

(7) "Freight from basing point to wholesale receiving point" or "freight from shipping point to wholesale receiving point" means the cost per package for transportation by the cheapest customary and generally available means. It does not include the cost of refrigeration, other protective services, diversions, demurrage, local cartage or unloading; but the transportation tax imposed by section 620 of the Revenue Act of 1942 is included.

To wholesale receiving points in principal markets where carlot or trucklot quantities are customarily received, this freight factor will ordinarily be based on the railroad carload rate from the basing point or f. o. b. shipping point. However, to some wholesale receiving points in principal markets, located relatively near the basing point or shipping point, motor or water transportation may be customary and cheaper than rail transportation and generally available. In these cases the freight factor for motor or water transportation would be applicable.

To wholesale receiving points in secondary markets, where it is not custom-

ary to receive carlots or trucklots, the freight factor will ordinarily be based on the carlot or trucklot factor to a nearby wholesale receiving point in a principal market, plus the cost of transportation by the cheapest customary and generally available means from the wholesale receiving point in the principal market to the wholesale receiving point in the secondary market.

For example, it is customary for carlots of lettuce to be received at Philadelphia, Pa., and the cheapest customary and generally available means of transportation from the basing points (El Centro and Salinas, Cal.) is by rail. The freight factor for determining lettuce prices at Philadelphia is therefore based on the railroad carload rate. On the other hand, it is not customary for carlots of lettuce to be received at Atlantic City, New Jersey. Intermediate sellers in Atlantic City customarily purchase lettuce in less-than-carlot quantities from carlot receivers in Philadelphia and transport it to Atlantic City by truck or rail. The freight factor to be used in determining prices at Atlantic City, therefore, would be the Philadelphia freight factor, as determined above, plus the cost at the customary truck rate or rail rate (whichever is the cheapest customary and generally available method from Philadelphia to Atlantic City).

However, in the event a carlot or trucklot is sold by a country shipper on a delivered basis direct to a wholesale receiving point in a secondary market the seller's maximum price shall be figured direct to that wholesale receiving point. In the example above, a carlot or trucklot of lettuce sold directly to a wholesaler at Atlantic City would be priced on the basis of the railroad carload rate from the basing point to Atlantic City.

Regional Directors of the Office of Price Administration, and such district officers as they in turn may authorize, shall determine the cheapest method of transportation which is customary and generally available from the basing point or shipping point to each wholesale receiving point within their jurisdiction, and shall figure the freight to be used in determining maximum prices at each wholesale receiving point in markets within their jurisdiction.

8. Appendix H in section 15 is amended in the following respects:

a. The first sentence of paragraph (a) is amended to read as follows:

This appendix establishes maximum prices for certain sales of spinach, snap beans (green and wax), carrots, green peas, eggplant, sweet peppers, cucumbers, cabbage, lettuce, sweet potatoes, black raspberries, red raspberries, dewberries, watermelons, cantaloupes and other melons, red sour cherries, and such other fresh fruits and vegetables as may later be added.

b. The phrase "for California-Arizona carrots," in footnote 1 to Table 1 is deleted.

c. Footnote 1 to Table 9 in paragraph (b) is deleted.

d. Column 4 of Table 14 in paragraph (b) is amended to read as follows:

Col. 4

July 16-Sept. 10	Feb. 11-Mar. 10
Sept. 11-Sept. 25	Mar. 11-Apr. 10
Sept. 26-Nov. 10	Apr. 11-May 10
Nov. 11-Nov. 25	May 11-July 15
Nov. 26-Feb. 10	

e. The heading of the table in paragraph (c) is amended to read as follows:

TABLE OF MAXIMUM MARKUPS TO BE ADDED TO THE APPLIANCE MAXIMUM PRICE F. O. B. SHIPPING POINT OR THE MAXIMUM DELIVERED PRICE, AS THE CASE MAY BE

[See columns 5 and 6 of tables in paragraph (b)]

f. Subparagraph (1) is added to paragraph (b) to read as follows:

(1) For sales of listed commodities covered by this appendix made f. o. b. shipping point by growers or country shippers, if the seller furnishes precooling, initial icing or refrigeration services in any case, he may charge, in addition to the named f. o. b. shipping point price (see Column 5 of the applicable table in paragraph (b)), for the services furnished not in excess of the lowest of the following: (1) The lowest available common or contract carrier rates for the same services, (2) the amount the seller may charge for such services under Maximum Price Regulation No. 165, or (3) the applicable amount permitted for protective services in the case of sales delivered to any wholesale receiving point. However, in each case the grower or country shipper shall show separately on his invoice the specific nature of the services furnished and the amount charged for the services.

For sales of listed commodities on a delivered basis, the maximum prices named include protective service allowances which cover any precooling, initial icing, refrigeration, or other services.

g. In paragraph (d) (1), the phrase "for precooling, initial icing or refrigeration services in sales f. o. b. shipping point;" is inserted after the phrase "for sales through agents;" in the first sentence following the headnote of subparagraph (1).

h. Paragraphs (d) (2) (i), (e) (3) and (e) (4) are amended by deleting the phrases "the listed commodity", "the listed commodity being priced" and "a listed commodity" wherever they appear and substituting therefor in each case the words "the particular goods being priced".

d. Paragraph (g) is amended by deleting the first sentence immediately following the headnote.

e. Paragraph (j) is added to read as follows:

(j) *Fractions of a cent*—(1) *Standard containers*. Any maximum price, figured for citrus fruit in a standard container, which contains a fraction of a cent shall be reduced to the nearest lower cent if the fraction is less than one-half cent and increased to the nearest higher cent if the fraction is one-half cent or more.

(2) *Non-standard containers and in bulk*. Any maximum price, figured for citrus fruit on a pound basis, shall be carried to the second decimal place of a cent (hundredths of a cent). Any final calculation of a total maximum price applicable to an individual sale which contains a fraction of a cent shall be reduced to the nearest lower cent if the fraction is less than one-half cent and increased to the nearest higher cent if the fraction is one-half cent or more.

10. Appendix J in section 15 is amended in the following respects:

a. In Table B in paragraph (e), footnote designation 1 is added after the word "auction" in Col. 5 and footnote 1 is added to read as follows:

cal phrase "(exclusive of precooling)" immediately following the word "furnished".

c. Footnote designation 6 is added to the heading of Column 5 of Table 2 and footnote 6 is added to read as follows:

OFFICE OF ECONOMIC STABILIZATION.

[Directive, Aug. 26, 1944]

DAIRY PRODUCTION, 1944

PAYMENTS IN DROUGHT AREAS

The War Food Administrator having submitted certain information and recommendations to me on August 4 and

August 26, 1944, with reference to a program for dairy production payments in drought areas during the period August 5, 1944, to March 31, 1945, it is hereby found and determined that the purposes of the hold-the-line order, specifically, the policy established by Executive Orders 9250 and 9328 (3 CFR Cum. Supp., pp. 1213, 1267) will be effectuated by the making of payments to equalize, to the extent necessary, the excess costs incurred by dairy farmers who are forced to produce under winter conditions because of drought.

The War Food Administrator is, therefore, hereby authorized and directed to absorb, during the period August 5, 1944, through March 31, 1945, by the use of Commodity Credit Corporation funds, the aforesaid excess costs incurred by dairy farmers who are forced to produce under winter conditions because of drought. Such drought payments shall be in addition to payments made under the WFA Dairy Production Payments Program.

Effective date: August 5, 1944. Issued this 26th day of August 1944.

BARLEY

ADJUSTMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith, and pursuant to the provisions of section 11 (b) (3) of Supplement No. 3 to Food Products Regulation No. 2, *It is hereby ordered, That:*

(a) Base prices for imported malting barley, produced in Canada, imported by rail in carload quantities, shall be as follows:

(1) On track, loaded in cars at Duluth, Minnesota and at Superior, Wisconsin, \$1.32½ per bushel, United States dollars.

(2) On track, loaded in cars at all other points of destination in Minnesota and Wisconsin, and at all points of destination in Illinois, shall be calculated as follows: If the transportation charge from the Canadian point of origin to any such destination point exceeds the transportation charge from the point of origin to either of the base points specified in (1) above, the excess shall be added to the above base point price in (1) above; if it is less, the difference shall be deducted.

(b) Whenever it becomes necessary under the provisions of this supplement to adjust the price of such barley according to premiums or discounts provided for barley graded under United States Official Grain Standards, the base prices in (a) above shall be deemed to be for "Standard Grade", or No. 2 Barley having a minimum test weight of 46 pounds. Base prices for other grades and qualities shall be determined by adding to or subtracting from the base price for the "Standard Grade" the premiums and discounts provided in Table I of Appendix A of Supplement No. 3 to Food Products Regulation No. 2, except that no further premium for malting barley may be added.

(c) The base prices established by this order include the import duty; and in calculating the maximum price the importer may not add any duty paid.

(d) The foregoing base prices shall apply only to malting barley as defined

in section 5 (b) (2) (i) of Supplement No. 3 to Food Products Regulation No. 2. They may be used by any importer, where applicable, for the entering of any quantity, after the importer has filed a notice of intention to import such quantity through one or more of the points provided for in (a) above. Such notice of intention shall be filed with the Cereals, Feeds and Agricultural Chemicals Branch of the Office of Price Administration, Washington, D. C.

(e) This order may be revoked or amended by the Price Administrator at any time.

NOTE: The base prices established by this order are not maximum prices but are to be used in the determination of the maximum prices that may be paid for imported malting barley, as provided in section 11 (c) of Supplement No. 3 to Food Products Regulation No. 2. If you are an importer the maximum price for the sale of imported malting barley shall be determined pursuant to the provisions of section 11 (d) of Supplement No. 3 to Food Products Regulation No. 2.

[MPR 491, Order 1]

FOREST PRODUCTS

ADJUSTMENT OF MAXIMUM PRICES

Order No. 1 under Maximum Price Regulation No. 491. Pressure preservative treatment of forest products and pressure treated forest products. Order authorizing adjustable pricing in sales on specified-length orders.

A petition has been filed by a treating company selling poles and piling subject to MPR 491, seeking amendment of the regulation to restore, in whole or in part, the former allowance of an addition to the maximum price for selection of specified lengths where the material is so ordered by the buyer. Specified-length additions were authorized in the original regulation, but such authority was withdrawn in Amendment 1 to the regulation, effective July 24, 1944.

A meeting with the Industry Advisory Committee was held on August 22, 1944, and further study of the question is being made. Since the regulation is nation-wide in scope, a proper disposition of the question must be based on consideration of price history and industry practices which may vary from one region to another as well as with different species. For that reason some time will be required before final action is taken in the matter.

It has been shown that authorization to use adjustable pricing on sales in specified lengths where so ordered by the buyer, is necessary to promote distribution of pressure-treated poles and piling and that such authorization will be consistent with the purposes of the Emergency Price Control Act of 1942, as amended. Therefore, under the authority vested in the

Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders 9250 and 9328, and pursuant to section 12 of Maximum Price Regulation 491, *It is hereby ordered, That:*

(a) Treating plants subject to MPR 491 may sell and deliver, and any person may buy and receive, pressure-treated poles and piling on orders calling for specified lengths, at prices not over the prevailing ceiling at time of shipment but by agreement between buyer and seller subject to any addition for specified lengths authorized by the Office of Price Administration after delivery.

(b) This order shall be automatically revoked upon the establishment by the Office of Price Administration of permissible additions for specified lengths as hereinbefore described, or upon denial of the petition. It may be revoked or amended by the Administrator at any time.

(c) This order shall become effective September 5, 1944.

Issued this 4th day of September 1944.

SECURITIES AND EXCHANGE COMMISSION.

[File No. 70-957]

CRESCENT PUBLIC SERVICE CO. AND OKLAHOMA UTILITIES CO.

NOTICE OF FILING AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 31st day of August, A. D. 1944.

Notice is hereby given that declarations or applications (or both) have been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by Crescent Public Service Company ("Crescent"), a registered holding company, and its wholly owned subsidiary, Oklahoma Utilities Company ("Oklahoma").

All interested persons are referred to said documents which are on file in the office of the Commission, for a statement of the transactions therein proposed, which may be summarized as follows:

Oklahoma proposes to sell to Oklahoma Natural Gas Company, a gas utility company, all of its natural gas production, transmission, and distribution properties and systems located in the counties of Creek, Lincoln, Tulsa, Okfuskee, and Okmulgee in the State of Oklahoma, together with all leases, franchises, and easements, for a base price of \$280,000, subject to certain adjustments.

Oklahoma proposes to utilize the proceeds of the aforesaid sale to reduce its 7% unsecured Promissory Note outstanding in the principal amount of \$719,648, as of June 30, 1944. Both the aforesaid unsecured Promissory Note and the common stock of Oklahoma (both owned by Crescent) are pledged under the Trust Indenture securing Crescent's Collateral Trust 6% Income Bonds, Series B, due October 1, 1954, outstanding as of June 30, 1944 in the principal amount of \$2,802,000. The amount to be paid by Oklahoma on its unsecured Promissory Note will be paid to the Trustee under the aforementioned Indenture.

After the consummation of the proposed sale it is contemplated that Oklahoma will convert its remaining assets to cash and pay such amount to the Indenture Trustee in reduction of the principal of its outstanding unsecured Promissory Note. Oklahoma will, thereupon, request the Trustee to surrender the aforesaid Note, on which a balance of the principal amount will remain unpaid, and Oklahoma's common stock, and will thereafter dissolve.

Crescent states the proposed transactions are the final steps in disposing of its interest in Oklahoma as part of its plan for compliance with section 11 of the act. Crescent represents that at or before the consummation of the proposed sale of the utility assets of Oklahoma, a plan under section 11 (e) providing for its liquidation will be filed with this Commission and that cash to be paid to the Indenture Trustee by Oklahoma will be used by Crescent in effectuating the distribution of its assets in accordance with the said plan.

The Indenture securing Crescent's Collateral Trust Income Bonds requires, among other things, that as a prerequisite to the voting of the securities of Oklahoma in favor of the sale of properties owned by Oklahoma sixty days' written notice be given to holders of Crescent's bonds, written consents be obtained from at least 25% in principal amount of outstanding bonds, and that written objections of 25% or more in principal amount of outstanding bonds shall not have been filed with the said Trustee. The material to be sent to registered holders of Crescent's Income Bonds in the solicitation of their consents will be filed as part of the present application or declaration (or both), and it is requested that the declaration in this respect be permitted to become effective pursuant to Rule U-62.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to said matters and that said applications or declarations (or both) shall not be granted or permitted to become effective except pursuant to further order of this Commission;

It is ordered, That a hearing on said matters under the applicable provisions of said act and rules of the Commission thereunder be held on September 15, 1944, at 10:00 a. m., e. w. t., at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania. On such day the hearing room clerk in Room 318 will advise as to the room in which the hearing will be held.

It is further ordered, That the Secretary of the Commission shall serve notice of the aforesaid hearing by mailing copies of this order by registered mail to Crescent Public Service Company, Oklahoma Utilities Company and The Corporation Commission of the State of Oklahoma; and that notice of said hearing be given to all persons by publication of this order in the FEDERAL REGISTER. Any person desiring to be heard in connection with these proceedings, or proposing to intervene herein shall file with the Secretary of the Commission on or before September 13, 1944 his request or application therefor, as provided by Rule XVII of the rules of practice of the Commission.

It is further ordered, That Charles S. Lobingier or any other officer or officers of the Commission designated by it for that purpose shall preside at such hearing. The officer so designated is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the act and to a trial examiner under the Commission's rules of practice.

It is further ordered, That, without limiting the scope of the issues presented by said applications and declarations, particular attention will be directed at the hearing to the following matters and questions:

(1) Whether the consideration to be received for the assets of Oklahoma is fair and reasonable;

(2) Whether the solicitation material to be sent to the bondholders of Crescent contains full disclosure of all pertinent facts involved in the proposed transactions;

(3) Generally, whether in any respect, the proposed transactions are detrimental to the public interest or to the interest of investors or consumers or will tend to circumvent any provisions of the Act or the rules and regulations promulgated thereunder;

(4) Whether, if the proposed transactions are authorized, the imposition of terms and conditions is necessary and appropriate in the public interest or for the protection of investors and consumers and, if so, what terms and conditions should be imposed.

By the Commission.

Secretary.

Pending such finding the United States Employment Service shall either request the worker to remain on his job or return to it in instances where the

worker has voluntarily terminated his employment. An employer who continues to be in non-compliance after notice, hearing, and final decision shall not receive any referrals of labor from the United States Employment Service.

(c) If an individual is employed at less than full time or at a job which does not utilize his highest recognized skill for which there is a need in the war effort, the United States Employment Service may, upon his request, refer him to other available employment in which it finds that the individual will be more fully utilized in the war effort.

(d) The United States Employment Service, upon the request of an individual, shall refer him to a former employer, when it is found that he has received from such employer with whom he has reemployment rights under an existing collective bargaining agreement, a notice that he must return to his former employment in order to preserve his seniority status.

(e) The United States Employment Service shall refer any worker who has not been engaged in an essential or locally needed activity during the preceding 60-day period.

(a) The hiring of a new employee for agricultural employment;

(b) The hiring of a new employee for work of less than seven days' duration, or for work which is supplementary to the employees' principal work; but such work shall not constitute the individual's "last employment" for the purpose of the

The Area Manpower Director may fix for all or any establishments in the Fitchburg Area, fair and reasonable employment ceilings, limiting the number of employees or other specified types of employees which such establishments may employ during specified periods. Such ceilings will be determined on the basis of the establishment's actual labor needs, the available labor supply, and/or, the relative urgency of the establishment's products or services to the war effort. If an individual is employed at less than full time or at a job which does not utilize his highest recognized skill for which there is a need in the war effort, the United States Employment Service may, upon his request, refer him to other available employment in which it finds that the individual will be more fully utilized in the war effort.

SEC. 9. Workers who may be hired only upon referral by the United States Employment Service. Under the circumstances set forth below, a new employee may not be hired solely upon presentation of a statement of availability, but may be hired only upon referral by, or

in accordance with arrangements with the United States Employment Service:

(a) The new employee is to be hired for work in a critical occupation or his statement of availability indicates that his last employment was in a critical occupation;

(b) The new employee is to be hired for work in an additional controlled occupation or his statement of availability indicates that his last employment was in such an occupation;

(c) The new employee has not lived or worked in the locality of the new employment throughout the preceding 30-day period (in such cases the local office of the United States Employment Service shall require that the worker obtain a statement of availability from the local office of the United States Employment Service, serving the locality where such worker was most recently employed, except that the latter local office may delegate authority to issue a statement of availability to such a worker in a specific case to the office where the referral is to be made);

(d) The new employee's last regular employment was in agriculture and he is to be hired for non-agricultural work, provided that no such individual shall be referred to non-agricultural work except after consultation with a designated representative of the War Food Administration, and provided further that such an individual may be hired for non-agricultural work for a period of not to exceed six weeks without referral or presentation of a statement of availability.

(a) In violation of this program, or

(b) Upon referral by the United States Employment Service, if made as a result of any misrepresentations on the part of such worker pertaining to previous employment, when otherwise a referral would not have been made, or if it is found that it should not have been made in the first instance.

SEC. 11. Exclusions. No provision of this employment stabilization program shall be applicable to:

(a) The hiring of a new employee for agricultural employment;

(b) The hiring of a new employee for work of less than seven days' duration, or for work which is supplementary to the employee's principal work; but such work shall not constitute the individual's "last employment" for the purposes of the program, unless the employee is customarily engaged in work of less than seven days' duration;

(c) The hiring of an employee in any Territory or possession of the United States, except Alaska and Hawaii;

(d) The hiring by a foreign, State, county, or municipal government, or their political subdivisions or their agencies and instrumentalities, or to the hiring of any of their employees, unless such foreign, State, county, or municipal government or political subdivision or agency or instrumentality has indicated

Statements of availability received by any employer pursuant to this program shall be retained during the continuance of this program and for a reasonable time thereafter. They shall be made accessible to the Area Manpower Director or his representative upon request.

The Federal Government shall be considered as a single essential employer for the purposes of this program, and all hiring for departments and agencies of the Federal Government subject to the Civil Service Act, rules and regulations, shall be conducted by the U. S. Civil Service Commission which shall recruit in accordance with the policies of the War Manpower Commission.

SEC. 16. Representation. Nothing contained in the program shall be construed to restrict any individual from seeking the advice and aid of, or from being represented by, the labor organization of which he is a member or any other representative freely chosen by him, at any step in the operation of the program.

EMPLOYMENT STABILIZATION PROGRAM

The employment stabilization program for the Torrington Area, dated November 15, 1943, is hereby amended in the following respects:

1. Section 2 (f) of said program is hereby amended by inserting after the word "Area" in the second line, the words "with the approval of the Regional Director" and by inserting the same phrase after the word "Director" in the last paragraph of said section, so that the same shall read as follows:

(f) "Additional controlled occupation" means an occupation fund by the Area Manpower Director for the Torrington Area with the approval of the Regional Director to be either:

(1) One of a category of occupations in an activity in which manpower shortages threaten critically needed production in such area, or

(2) An occupation in which the demand for workers in the Area exceeds the available supply.

A list of the "additional controlled occupations" designated by the Area Manpower Director is attached to this program as Appendix A and may be amended from time to time by the Area

Manpower Director with the approval of the Regional Director.

2. Section 7 is hereby amended by deleting subparagraph (c) in its entirety, thereby making subparagraph (d) of said section, subparagraph (c), and adding the following sentence after the word "employment" at the end of the first paragraph of said subparagraph:

Nothing in this section shall be construed to supersede the provisions of section 9 (d).

3. Section 8 is hereby amended by changing the title from "Referral in Case of Under-Utilization" to "Referral by the United States Employment Service" and adding the following as the second paragraph:

The United States Employment Service shall, upon the request of an individual, refer him to a former employer when it is found that he has received from such employer with whom he has reemployment rights under an existing collective bargaining agreement, a notice that he must return to his former employment in order to preserve his seniority status.

4. Section 9 is hereby amended by deleting the words in subparagraph (c) enclosed in parenthesis, so that said paragraph shall read as follows:

(c) The new employee has not lived or worked in the locality of the new employment throughout the preceding 30-day period:

5. Section 10 is hereby amended by striking out the semi-colon after the word "hired" in the second line, inserting the phrase "in violation of this program" and by striking out paragraphs (a) and (b) of said section so that the same shall read as follows:

An employer shall, upon written request of the United States Employment Service, promptly release from employment any worker hired in violation of this program.

[C-205]

SPALSBURY STEIS DEEVERS SHOE CO.

Spalsbury Steis Deevers Shoe Company, a corporation, with its general office and factory in Fredericktown, Missouri, is engaged in the manufacture of women's and growing girls' shoes. On or about May 1, 1944, it began the production of a line of misses' shoes at \$2.01 per pair and manufactured a total of 21,552 pairs of such shoes. During the base period selected by the company it did not produce any misses' and children's shoes so that the manufacture of such shoes without an established quota was in violation of Conservation Order M-217. On July 3, 1944, the War Production Board gave authorization to complete the manufacture of 5,706 pairs of such shoes out of materials on hand so that the company manufactured a total of 15,846 pairs of such shoes without authorization and in violation of Conservation Order M-217.

Spalsbury Steis Deevers Shoe Company admits the production of 15,846 pairs of misses' and children's shoes for which it had no established quota and in violation of M-217 and has consented to the issuance of this order.

Wherefore, upon the agreement and consent of Spalsbury Steis Deevers Shoe Company, the Regional Compliance Chief and the Regional Attorney, and upon the approval of the Compliance Commissioner, *It is hereby ordered, That:*

(a) Spalsbury Steis Deevers Shoe Company, its successors and assigns, shall not manufacture any line of foot wear (except military foot wear) not manufactured by it in its six months base period.

(b) Spalsbury Steis Deevers Shoe Company, its successors and assigns, shall reduce its production of women's and growing girls' shoes in the established price line of \$2.95 to \$3.25 so that its total production of such shoes for the period commencing September 1, 1944, and ending February 28, 1945, shall be 15,846 pairs less than it would otherwise be permitted to produce under the provisions of Conservation Order M-217.

(c) Nothing contained in this order shall be deemed to relieve Spalsbury Steis Deevers Shoe Company, its successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the War Produc-

tion Board, except in so far as the same may be inconsistent with the provisions hereof.

(d) This order shall take effect on the date of issuance, and shall expire on February 28, 1945.

Issued this 2d day of September 1944.

First Federal Savings and Loan Association of Wilkinsburg admits having done this construction. It does not desire to contest the issue of wilfulness and has consented to the issuance of this order.

Wherefore, upon the agreement and consent of the First Federal Savings and

Loan Association of Wilkinsburg, the Regional Attorney and the Regional Compliance Chief, and upon the approval of the Compliance Commissioner, *It is hereby ordered, That:*
